

REPORT KAISER QUILTS THRONE

Unconfirmed Rumor That German Emperor Has Abdicated
in Favor of His Son, Prince Joachim

RUSSIAN ARMIES STILL
SWEEPING FORWARD

On the military side the situation continues to bear a most encouraging aspect for the formidable group of nations allied against the central powers, this generally being taken into consideration in dealing with the situation in Berlin and Vienna.

Russians Sweeping Forward

The Russian revolutionary armies in Galicia are still sweeping forward. Apparently there is little to stop them pouring through the breach in the lines in eastern Galicia opened by Gen. Korniloff. They are pushing on north of the Dniester and west of the Lomnica and generally proving victors in the fighting going on along a fifty mile front.

On Franco-Belgian Front

On the Franco-Belgian front a waiting policy is being pursued by General Haig on the British end of the line and Gen. Petain in the French action.

CABINET CRISIS IN RUMANIA

MANY OUTINGS HELD TODAY

JASSI, Rumania, July 6 (Delayed).—A cabinet crisis is confronting the Rumanian government. Four conservative ministers have refused further to cooperate with Premier Bratianu and they also demand that two more conservatives be admitted to the cabinet.

PEKING BOMBARDED FOR NINE HOURS

BIG BRITISH TRANSPORT SUNK BY SUBMARINE

LONDON, July 14.—A despatch to the Times from Peking dated Thursday says that firing on the capital ceased after a nine hours bombardment. The damage is unimportant.

A Tien Tsin despatch to the Exchange Telegraph Co. filed on Thursday, says that "most regrettable fighting" occurred in Peking. Communication between the city and the outer world, except by foreign military means, has been suspended temporarily. The last message to reach Tien Tsin indicated hard fighting was proceeding to the advantage of the republicans.

Complete Restoration of Republic

WASHINGTON, July 14.—The occupation of Peking by the republican forces, following the surrender of the army of 10,000 men, indicates the complete restoration of the republic. The Chinese legation here declared today.

Order in the capital was restored with few casualties, the advisers said. Chang Hsun, who led the revolution of the imperialists, has taken refuge in the Dutch legation in order to obtain safe conduct out of the country. Premier Yuan Chai kai will establish republican headquarters in Peking immediately, it was stated.

Three Americans Wounded

WASHINGTON, July 14.—Three Americans were wounded by stray bullets, the state department announced today in the telephone fighting in which Chinese republican troops forced the surrender of the monarchist troops of Gen. Chang-Hsun.

Chalifoux's

BUSINESS

Business does not grow like a flower or a weed. It has to be BUILT, slowly and laboriously. The only merchant who has succeeded is he who has patiently and carefully reared stone upon stone, course upon course, until today shows him a fair edifice—four-square to all the winds that blow. So with advertising. To advertise for the immediate response—alone is to confess weakness and inefficiency. To advertise constructively in such a way as to build CONFIDENCE, is to issue a guarantee for the future and a challenge for the present. If you will read these daily editorials you will know more about this store, its merchandise, and its ideals.

Peace Clamor Growing in Both
Germany and Austria

EMPEROR WILLIAM OF GERMANY

Reichstag Goes on Strike Against
Crown and Military Party—Majority
Demands Peace Terms on Basis of
Non-Annexation—Prussian War
Minister Resigns—German Crown
Prince Waging Fight For Control—
He is in Disfavor as Representing
the Militaristic Interests

Germany's serious internal crisis overshadowed the pending military operations in the news of the day.

Reichstag On Strike

The reports from Berlin show that the reichstag has gone on strike against the crown and the military party, apparently in the interest of a parliamentary system of government.

Report Kaiser Resigns

There is even a rumor although entirely unconfirmed and little credited, that Emperor William has abdicated in favor of his sixth and favorite son, Prince Joachim.

Peace Clamor Growing

The peace clamor is growing in both Germany and Austria-Hungary. Part of the trouble between the reichstag and the governing class is over the government's persistent de-

clination to state Germany's peace terms on the basis of non-annexation demanded by what now comprises a majority bloc in the reichstag.

War Credit Bill Held Up

The war credit bill is being held up by this majority until the political crisis is settled. But more serious yet is the decision of the members not even to meet meanwhile for discussion in regular session or in committee.

Crown Prince's Fight for Control

Apparently the crown prince is waging a fight for control on behalf of the militaristic interests. Chancellor von Bethmann-Hollweg is under fire from the crown and his supporters, the chancellor seemingly being too liberally inclined to suit the help to the throne.

Rumor Kaiser Abdicates

LONDON, July 14.—A despatch to the Morning Post from Amsterdam says that rumors current that Emperor William has abdicated in favor of his son, Prince Joachim are unconfirmed and must be taken with all reserve.

Prussian War Minister Resigns

TROOPS ESCORT I. W. W.
EXILES TO COLUMBUS

COLUMBUS, N. M., July 14.—Close-guarded by United States cavalry troops from Douglas, Ariz., the special freight train, carrying the deported strikers and others from Hermanas arrived here at 7.45 o'clock this morning and the occupants were debarked at Col. H. G. Stickels, camp commander here by Col. James A. Hornbrook. Red-uccos will remain in the freight cars until late today, when they will be transferred to a detention camp being prepared for them by United States cavalry men.

COL. HORNBOOK AND 102 MEN ARE AT HERMANAS TO ESCORT 1200 EXILES OUT OF TOWN

HERMANAS, N. M., July 14.—Col. James J. Hornbrook, U.S.A., with a Continued to Page Two—First Section

LOWEST DEATH RATE IN
TWENTY-ONE YEARS

PRES. WILSON'S WARRANT FOR ARREST OF COCCHI

The number of deaths reported at the office of the board of health this week is the smallest in 21 years, according to figures given out this morning. The deaths reported numbered 15 as against 25 for the past week, and 30 for the week previous. The clerk of the department went over the records and found that the nearest to this week's number was during the week of May 9, 1896, when 12 deaths were reported.

The death rate for the week is 7.23 as against 12.04 for the past week and 9.83 for the week previous. There were two deaths under five years and one of acute lung disease. The diseases reported were as follows: Diphtheria, 10; scarlet fever, 1; measles, 1, and infantile paralysis, 1.

License Your Dog

A last warning is being given to owners of unlicensed dogs, for next week the patrolmen of the city will cover their boats armed with warrants directing them to kill all unlicensed dogs and make complaints against the owners or keepers. The warrants, numbering about 500, were sent to the mayor for his signature from the office of the city clerk this morning.

Inspected Filtration Plant

The large delegation of Elks that came to Lowell yesterday visited the filtration plant on the boulevard, looking at cards bearing suitable inscriptions as to the various operations of the plant had been placed in conspicuous places and the trip through the plant proved a most interesting and instructive one.

Monthly Bills

The city's monthly bills to be paid out Monday at the office of the city treasurer amounted to \$31,186.22.

School Board

A special meeting of the school committee will be held on Monday, July 16, at 12.30 p. m. at the school committee's room in city hall. The meeting is called for the purpose of making public the results of the teachers' examination, which was held in June.

ARREST 16 SUFFRAGISTS
AT WHITE HOUSE

WASHINGTON, July 14.—Sixteen suffragists of the woman's party attempting to stage a picketing demonstration at the White House gates today in celebration of the fall of the Bastille were promptly arrested and taken to jail.

WEATHER PREDICTIONS

WASHINGTON, July 14.—Weather predictions for the North Atlantic states for the week beginning Sunday, issued by the weather bureau today, are:

Showers Saturday night or Sunday; generally fair remainder of week. No decided temperature changes.

Sun went and opportunity adlets produce results.

SISLER NEXT TO COBB FOR BATTING HONORS

CHICAGO, July 14.—With an average of .339, George Sisler, the youthful first base star with St. Louis, has topped his way to second place in the American league, according to unofficial averages published today. This speaker of Cleveland, forced to third place, is trailing two points behind Sisler. Although falling in his attempt to break his record for consecutive hitting, Ty Cobb is safely out in front with .375.

Cobb temporarily off his batting stride due to a sprained thumb, Sisler picked up remarkably in his last eight games. He drove out 17 hits, five of them triples and three doubles and boosted his average 19 points.

Cobb Scores 62 runs.

Cobb's possession of scoring bases has given him possession of scoring honors. The Georgian has crossed the plate 62 times in 77 games. He also leads in total bases hitting, having 109 hits for 183 bases. Twenty of his blows were doubles, 13 triples and three home runs.

Clayton Kershaw, Detroit, led in base-stealing with a total of 37. He also increased his lead in sacrifice hits with 10. The Detroit pitcher, with six circuit drives is showing the way to the home run hitters. Detroit maintained its lead in team batting with an average of .263. The averages include games of Wednesday.

Leading hitters for half their club's games: Cobb, Detroit, .375; Sisler, St. Louis, .339; Kershaw, Detroit, .332; Rumber, St. Louis, .322; McInnis, Philadelphia, .314; Chapman, Cleveland, .306; Milan, Washington, .304; Baker, New York, .302.

Rousch Leads National League

Rousch of Cincinnati, drew away from the pack in the race for batting honors in the National league. With an average of .350, Rousch is 10 points ahead of his rival, Harry Heuser of New York, who won into third place with .332.

Cincinnati, which is making a determined fight for first division honors, has players leading in the 300 class. Clarke, a catcher, has an average of .364, but he only played in 31 games. Harry Wagner, the Pittsburgh catcher, is up 19 points in the heat race, boosting his average to .339.

Robertson of New York tied Carey of Pittsburgh for stolen base honors. Each has 18. There were no changes among the leaders in other departments of the game. Doyle of Chicago retained the lead in sacrifice hits with 18 and Groh of Cincinnati boosted his lead in runs scored to 51. Hornsby of St. Louis held on to 206 runs batted in with eight. Cincinnati kept its lead in team batting with .263. Leading hitters for half of their club's games are: Rousch, Cincinnati, .350; Carey, St. Louis, .349; Heuser, New York, .332; Wheeler, Brooklyn, .330; Griffith, Cincinnati, .316; Hornsby, St. Louis, .315; Rariden, New York, .314; Neale, Cincinnati, .309; Cunniff, Seattle, .307; Gravano, Philadelphia, .300.

Henry McNeil, a lumberjack, presented himself at a recruiting headquarters in Bangor, Me., recently and said he had walked 75 miles to enlist. He wanted to take the place of his brother who had lost a leg in the Klondike expedition.

IF YOU GET TIRED OF LYING AWAKE

the remedy may be simple. In most cases sleeplessness is caused by some slight disturbance of the stomach that may be promptly removed by Dye-pep-lets which are a combination of digestives, carminatives and correctives. These tablets have a package of them at your bedside tonight. You may thank us for this suggestion.

Dye-pep-lets are absolutely free from narcotics, and give great satisfaction in relieving sleeplessness, as well as indigestion, heartburn and other symptoms of indigestion. All druggists 10c, 25c or \$1.

LEGAL NOTICES

Commonwealth of Massachusetts—Middlesex ss. Probate Court. In and for the heirs-at-law, next of kin and all other persons interested in the estate of Mary Coughlin, late of Lowell in said County, deceased.

Whereas, certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for probate, and John J. Coughlin, who prays that letters testamentary may be issued to him, the executor therein named, with bond, giving a surety on his official bond.

You are hereby cited to appear at a probate Court to be held at the Court house, in said County of Middlesex, on the twenty-fourth day of July, A. D. 1917, at nine o'clock in the forenoon to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to publish this citation once in each week for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court, and by mailing postpaid, or by depositing a copy of this citation with all known persons interested in said estate, seven days at least before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this sixth day of July, in the year one thousand nine hundred and seventeen.

J. M. ESTY, Register.

GREATER BOSTON HORSES IN BIG CLEANUP

BOSTON, July 14.—The final day of the third annual meeting of the Junior League of Amateur Driving clubs over Charles river speedway half-mile track yesterday afternoon brought an enthusiastic crowd of the harness racing enthusiasts. The racing started at noon with 12 events on the card, 54 horses starting in 31 heats, the last race being won in the gloaming.

Metropolitan Driving club won the gold point cup with 76 points. Nassau Driving club, Mineola, N. Y., 15; Driving club, Syracuse, N. Y., 14; New York Driving club, New York, 14; Goshen Driving club, 7; Parkway Driving club, Brooklyn, 6; Delaware Horse Show association, 0.

George W. Norton of Lexington had a little something up his sleeve all summer with his pony racer George N. by Aquilum, which won the 2.23 pacing event and the Stowell cup from one of the sure things Nassau driving club, Peter Dillon, 2:14 1/2, by Peter the Great, purchased at the Billings sale in Madison Square garden last month by J. G. Sherman. Great pacer won in 2:30 1/2, and in the second he was mixed gaited and George N won in 2:18 1/2. The third heat the high priced pacer was a win and was down to the half in 1:05, with the Lexington bred pony at his neck. On the back stretch the son of Peter the Great made another big lead, but was unable to hold to the goal and couldn't strike a pace for the rest of the mile and George N won in 2:20 1/2.

Jess Y. Equals Track Mark

Jess Y. by Wlask, owned by Jacob Roth of the Road Horse association of New Jersey, won the 2:12 trotting event and the silver cup from West Newton, from George A. Graves' Binger trotter Bronson, 2:09, and Leo A. of the Nassau Driving club. In the second heat, the event the New Jersey entry equaled the record of 2:13 1/2 by Bronson.

Monesko, the big Moiko stallion, owned and driven by Thomas A. Wills of the Metropolitan Driving club, won the silver cup and blue ribbon presented by V. C. B. Wetmore in the 2:22 trotting event after four heats, the first going to Harry C. Thynor's Childs, the third to Monesko, which were raced in the dark, and the fourth in the first event of the afternoon in one of the hardest drives seen on the track for a long time.

W. J. McDonald took the cups in both divisions of the 2:16 trotting, the first with Bingham, the second with the Blue Jay. Stults' Dilliver cup from N. Grunzfelder's Seltzer Mac of the Nassau Driving club, driven by Bob Davis, and John W. Linnehan's Olga's Son, driven by Fred McGee, were the prizes in his fast trotting stallion Roy Miller, 2:11 1/2, by Bingham, which won the Winthrop R. Scudder cup from Bobby Boylan's Bobby McGee, driven by John Blue Jay McGregor, in straight heats.

LEVINSKY TO MEET DILLON

One of the best exhibitions of a boxer pulling out of a tough hole apparently beyond the hope of a recovery was that demonstrated by "Battling" Levinsky when he fought Jack Dillon, the "man killer" at the Armory A. A. at the Boston Arena last night. These men met near the end of the fight and if they repeat the performance they staged here at their last meeting there will be enough fighting left in them to fan like a hurricane battle.

In the early stages of their first meeting in Boston, Levinsky could not get the fighting out of Dillon. In the sixth round he came out and started after Dillon. Before the session was over, Dillon was up on his feet shouting encouragement to Levinsky who gave them his most convincing exhibition of fighting they had ever seen. He had solved the problem and went to it. In the ninth round, Dillon had burned up and was doing all he could to stay. He fought back as hard as he could, but got a sound thrashing, and when the final gong sounded, Dillon was a happy man and was still more happy when he heard the referee declare it a draw. It was a great victory for Levinsky, a wonderful test and clever heavyweights.

SHOELESS HORSE WINS AT NORTHAMPTON

NORTHAMPTON, July 14.—Good weather yesterday failed to bring out a crowd for the second day of the Bay State circuit meeting and the racing was rather tame, one class going more than one heat, and the winner of that race was never in doubt.

Father and son, Harry and Lyman Druse, were contending against each other in the 2:18 pace, the son, Lyman, being winner. Red November, had to be content with third money.

In the second heat of the 2:30 trot, Monty Vole, Harry's shoeless horse, and two hots in front of the stand the first time around, but won the heat just the same.

SPEED UP FINAL ACTION ON FOOD CONTROL BILL

WASHINGTON, July 14.—Plans for speeding up final action on food control legislation in the senate, in accordance with the suggestion of a President Wilson conveyed in a communication to Senator Martin, democratic floor leader of the senate, were being mapped out today by administration leaders.

Senator Martin called a conference for late today for senate republicans and democrats, who favor the general scheme of the administration program to discuss changes in the pending bill.

Leaders of both sides expressed conviction that the bill before the senate should be amended and passed by an overwhelming vote next Saturday.

When debate in the senate was resumed, Senator Martin said that although the food bill contained many things he did not like and which he would not support in normal times, he intended to vote for the measure now. He said while he opposed America entering the war he was behind the president in the emergency.

LIBERTY BONDS' LOW RECORD

NEW YORK, July 14.—Further selling of Liberty loan bonds on the stock exchange today brought the price down to a new low record. Lots of \$200, \$300 and \$400 sold at 99 25-50, or a depreciation on a \$100 bond of fifty cents. Later lots of \$100, \$200 and \$400 sold at 99 41-50ths.

MAKE GLYCERINE FROM SUGAR

WASHINGTON, July 14.—Discovery in the internal revenue division laboratory of a process for manufacturing glycerine from sugar was announced today by the treasury department.

Under the secret process evolved the cost of this substance, a heavy factor in the manufacture of explosives, will be reduced to slightly more than one-fourth of its present cost.

Glycerine is at present manufactured almost entirely from fats, at a cost of 90c a pound, which is six times its cost of production before the war. Expropriation of the product from sugar will insure production officials estimate at 25c a pound. The immense importance of the discovery in conserving the fat supply of the nation is pointed out by officials who declare that Germany's fat shortage largely due to the use of fats for production of explosives. Germany has long since been forced to discontinue the manufacture of soap in order to conserve the fats for munitions making.

The discovery is the first to be announced by the chemists working in co-operation with the council of national defense.

NEWS OF THE DAY IN POLICE COURT

A sequel to the strike of the employees of the picker room of the Tremont & Suffolk mills took place in police court this morning when the case of John Wojna, charged with assault and battery on Joseph Kozystyniak on Thursday night, was called.

According to the testimony offered, the complainant and defendant were employed in the picker room of the mills and went on strike several weeks ago after being refused an increase in wages. Thursday morning Kozystyniak decided to return to work. The word was passed around that he had broken from the ranks of the strikers and went into the mill. Wojna and several other strikers stopped the complainant on the street and tried to persuade him to atack by the strikers. He refused to do so, however, and that night the complainant claimed that the defendant and three others went to his home in Adams street and assaulted him.

On the other hand the defendant denied that there was an assault. He said he and the three other strikers called upon the complainant to attempt to persuade him not to return to work. The court, after considering the evidence in the case, found the defendant guilty and imposed a fine of \$5. A case of drunkenness against the defendant was placed on file.

Peter Goulas entered a plea of not guilty to a complaint charging him with assault and battery on Elizabeth Demetrius, his first cousin, but the court found him guilty and ordered him to pay a fine of \$5.

Arrested a Pipe

Charles Lotos walked into Woolworth's Five and Ten Cent store about 10 o'clock this morning and when he thought no one was looking he picked up a pipe from one of the counters and was walking towards the door when one of the clerks stopped him and notified the police. When brought to the police station he admitted taking the pipe and when called before the court entered a plea of guilty.

The clerk who brought about the arrest of the man said he had seen the

prisoner in the store on several occasions and had also seen him take small articles. He said that when he caught the man this morning the latter offered him \$1 if he would let him go.

Through the medium of an interpreter the prisoner said he was single and had been in this country for two years but had been out of work for two months. The court decided to continue the case until Wednesday.

Drunkness and Larceny

Joseph Green and Bartholomew Sheridan were arrested this morning by Sheriff Simpson of Luna county, New Mexico, and his deputies. The embarkation of the exiles for Columbus was begun immediately.

The soldiers were assisted by Sheriff Simpson of Luna county, New Mexico, and his deputies. The embarkation of the exiles for Columbus was begun immediately.

House of Correction

Rosario Jalbert was charged with being drunk but after his wife got through testifying against him he was sent to the house of correction for three months. Mrs. Jalbert said that she and her husband had not been living together for three months and that while he had given her a little support it did not amount to much and she thought he would be better off in jail than staying in the house. The prosecuting officer informed the court that Jalbert had been before the court for assaulting his wife a short time ago and was under a suspended sentence of three months in the house of correction for non-support. The court sentenced him to three months in the house of correction and during his confinement his wife will receive \$3 a week.

Drunk Offenders

James Highland was charged with being drunk and he was given a suspended sentence of five months in the house of correction. John R. Roddy pleaded guilty to being drunk and was fined \$10 which he owed for a previous conviction. Daniel J. Collins was ordered to pay a fine of \$10 and William J. O'Neil was fined \$5. Seven other offenders were released.

WAR AGAINST WASTE

At noon today the women who are in charge of the food conservation campaign in this city reported at headquarters in Merrimack street that 740 names of housekeepers and women over 16 years of age had enlisted in the war against waste and the cards bearing the signatures were immediately sent to Washington, D. C.

The names gathered by wards were as follows: Ward one, 357; ward two, 300; ward three, 322; ward four, 729; ward five, 524; ward six, 1250; ward seven, 789; ward eight, 1220 and ward nine, 1307.

KNIGHTS OF COLUMBUS

Contributions to the Knights of Columbus war fund campaign which closed officially over a week ago, are still coming in. Although the quota set for the local council was over-subscribed, dilatory contributions will not be refused, and proper acknowledgment will be made. Secretary George F. Horgan is at present engaged in sending acknowledgements to all who made offerings in the campaign, and it is expected that the work will be cleared up within a few days.

The next regular meeting of the council will be held Thursday evening, and plans for the annual outing of the council will be discussed. According to present indications this year's outing will be held July 26 at the Knights of Columbus grounds in Lyngsboro.

TROOPS ESCORT EXILES

command of 192 officers and men, arrived here this morning on a special train from London, Ark. to take 1200 Blescoe exiles to Columbus, N. M. Work of putting the men on the trains was begun immediately.

The soldiers were assisted by Sheriff Simpson of Luna county, New Mexico, and his deputies. The embarkation of the exiles for Columbus was begun immediately.

Mr. George Bell, commanding the El Paso military district stated that the men would not be prisoners, but would be given shelter in the stockade built by Mexicans returned during the border raids and would be supplied with rations by the military authorities. The removal of the men to Columbus is a temporary expedient, it was stated, to prevent suffering.

Sheriff Simpson of Luna county who came here with 50 deputies from Deming remained with his men after a meeting at which he and Dist. Atty. J. S. Vaughn addressed the men and assured them that they would not be treated as prisoners. They were to be treated as free men and to keep the peace. The exiles cheered the sheriff and Mr. Vaughn lustily and assured them they were law-abiding citizens.

Mr. Cleary in a statement reviewing the deportations said that many of the men wished to return to Blescoe where they could go to work and support their families. A census of the exiles showed that 112 had registration cards under the selective draft law and that 143 were the owners of Liberty bonds.

ANY COMBINED EFFORT BY I.W.W. TO DESTROY CROPS WILL BE TREASON

SAN FRANCISCO, Calif., July 14.—"Any combined effort by industrial workers of the world to destroy crops and other foodstuffs to compel a cessation of hostilities is treason," Casper A. Orinbaum, assistant United States district attorney, said after appeals for federal aid to halt an alleged I.W.W. conspiracy to destroy wheat crops in California.

According to Mr. Orinbaum, burning or destruction of crops will constitute "giving aid to the enemy."

SHERIFF WHEELER OF COCHISE COUNTY EXPLAINS DEPORTATION OF I. W. W. MEMBERS

PHOENIX, Ariz., July 14.—Sheriff Wheeler of Cochise county, who sanctioned the deportation of the striking miners from Bisbee, Thursday, has replied to Gov. Campbell's request for an explanation. The sheriff's message said:

"I can protect law abiding and peaceful citizens but I cannot guarantee the technical rights of law breakers and criminals. I would not endanger the lives of loyal American citizens in attempting to protect I. W. W.s."

GOVERNMENT TO INTERN GERMAN ELEMENT OF INDUSTRIAL WORKERS

SEATTLE, Wash., July 14.—The United States government has decided to take out of the I.W.W. organization that part of it which is German or dominated by German influences, according to announcement by United States District Attorney Clay Allen.

The men will be interned, Mr. Allen said. Investigation by government agents, said the district attorney, showed the large percentage of industrial workers to be alien Germans. Mr. Allen continued:

"Attorney General Gregory, at my request, authorized the internment of all German and those who are affiliated with or have taken part in any movement or plan seeking to bring about industrial or agricultural disorganization."

"My conception of the rule is that this will apply and reach any alien enemy who establishes a record of unreliability either in residence or employment. It is apparent that this is the time for the government to shift their kind to be shifting around from place to place. They must seek employment and keep it if they are to remain out of jail or in an internment camp. The very fact that they are unreliable is a circumstance sufficiently serious at this time to warrant the attention of government officers."

FORTY-THREE BOMBS ON THE WAY TO EAST ST. LOUIS, SEIZED BY POLICE

CHICAGO, July 14.—Forty-three bombs, containing what was said to be an explosive, were intercepted yesterday by the city police and men of the department of justice. The bombs were being shipped to East St. Louis with a carload of scrap iron. None of the bombs contained a fuse, and it was believed they were designed to explode by concussion or by fire.

One theory is that the bombs were more important still, the passage of legislation which will give the power to foreign governments to conscript these men for their own armies, who, being conscripted for foreign wars, would serve on the ground that they are aliens."

AGAINST EQUAL SUFFRAGE

BOSTON, July 14.—By a vote of nine to six the constitutional convention committee on suffrage yesterday opposed consideration of an amendment providing for equal suffrage. Two members of the committee announced that they would advocate on the floor of the convention full suffrage for women, while four others gave notice that they would support measures permitting women to vote for presidential electors, United States senators and representatives in congress.

INCOME INVESTED IN LIBERTY LOAN BONDS WILL NOT BE EXEMPT FROM TAXES

WASHINGTON, July 14.—Income invested in Liberty loan bonds will not be exempt from income taxes, treasury officials recently announced. It was explained that Liberty bonds are not liable to property tax, but that if they are accepted as income the liability of the income to taxation is not affected.

Y. M. C. A. CAMP AT AYER

SPRINGFIELD, July 14.—Kenneth Noble, general secretary of the Springfield Young Men's Christian association is to take charge of the social, educational and religious activities of the young people at the Christian association at the mobilization camp at Ayer. It was announced today, He will have fifty men under his direction. He will begin the work in September.

JAPAN'S NAVY NOT TO COTTON CONSUMED IN BE ENLARGED JUNE 575,122 BALES

TOKIO, Japan, July 14.—Responding to an interpolation in the house of peers as to whether Japan intended to keep peace with American naval expansion, Vice Admiral Kato, minister of marine, said there was no idea of greater expansion with a view to offsetting American's increase. Moreover, he declared, an enlarged program was quite impossible for Japan in the present financial situation of the country.

Sakute Takahashi, the interior minister, said he raised the question because he thought Japan's occupation of South Sea islands might influence the future relations between Japan and the United States.

WASHINGTON, July 14.—Cotton consumed during June was 575,122 running bales and 83,714 bales of lint, the census bureau today announced.

Consumption compares with 570,579 bales in June a year ago and 68,063 bales of lint.

Consumption for the 11 months ending June 30 was 8,259,892 bales and 752,922 bales of lint compared with 5,935,085 bales of lint and 819,844 of lint of the period a year ago.

Cotton on hand June 30 in consuming establishments was 1,749,736 bales of lint and 122,743 of lint compared with 1,835,093 bales of lint and 94,542 of lint a year ago and in public storage and at compresses 1,406,821 bales of lint, and 231,865 of lint, compared with 1,520,370 of lint and 152,712 of lint a year ago.

Spindles active during June numbered 33,463,946 compared with 32,261,694 a year ago.

Imports were 26,181 bales, compared with 15,802 a year ago, and for the 11 months 281,520 bales compared with 423,333 a year ago.

Exports were 215,935 bales, including 20,077 bales of lint, compared with 519,226 bales, including 51,420 bales of lint, a year ago; and for the 11 months 5,467,658 bales, including 414,907 bales of lint, compared with 5,111,357 bales a year ago.

PLAN TO CONSCRIPT ALIEN SLACKERS

BOSTON, July 14.—The apportionment of the draft, on the ground that it will take an undue number of men of draft age from the industrial centers because of increased population and at the same time exclude a large number of allons in these places, was criticized as unfair by former Mayor Fitzgerald in a statement issued yesterday.

He urged that congress correct this condition at once and also made provision for conscripting the aliens.

In this connection it was learned yesterday that the administration will not tolerate alien slackers, but will devise means of making citizens or subjects of any of the entente powers bear their military responsibility. It is believed the administration will support bills recently introduced by Chairman Burnett of the house immigration committee, authorizing recruiting officers of the allies, whom congress already has authorized to solicit voluntary enlistments, to round up and conscript their nationals of military age. If this measure should fail of enactment an attempt will be made to reach the slackers in another manner.

Ex-Mayor Fitzgerald's statement reads:

"According to Washington advices, Boston population for draft purposes is 828,000. These figures are altogether too high, and the census bureau admits that because of the large number of young men of draft age in the big industrial centers they are justified in making the population larger than the actual figures would show."

"Other New England cities suffer even more than Boston, Massachusetts, according to Mr. Gottemy, is given at 700,000 more than it really is. Here, while Boston is given 80,000 more."

"The worst feature of the arrangement is that while there is undoubtedly a smaller proportion of young men of draft age in the big industrial centers who came in answer to war demands, this new population is largely alien and not subject to draft."

"Therefore, the big industrial centers got it on both ends; a larger number drafted because of increased population, with a smaller number to draw upon when the aliens come forward with their cards after being drafted and say 'Alien,' which means exemption."

"In other words, New England and other big industrial centers will be called upon to send thousands of men who properly should come from other sections of the country to the proper draft system now inaugurated."

"We hope our congressmen at Washington will get busy on this situation right away, not forgetting that it is more important still, the passage of legislation which will give the power to foreign governments to conscript these men for their own armies, who, being conscripted for foreign wars, would serve on the ground that they are aliens."

GERMANY YIELDS IN NOTE TO NORWAY

LONDON, July 14.—A Copenhagen dispatch to the Exchange Telegraph Co. says it is reported officially at Christiania that Germany has expressed regret to Norway for the acts of Germans in connection with the bomb plot recently discovered. The German government has given a long explanation of the case, and says the German minister at Christiania has been directed to tender an apology and that Aron Rautenfels, a German courier in whose possession explosives were found has been dismissed.

DANBURY HATTERS CASE FINALLY SETTLED

DANBURY, Conn., July 14.—An agreement for a settlement of the judgment of \$252,000 and costs in the case of D. E. Loewe & Co. against members of the United Hatters of North America was announced this afternoon after a change of venue to the federal court and union officers representing the hatters.

"The amount paid by the union was not officially stated by any member of the conference, but it is learned that the settlement was for approximately two-thirds of the amount of the judgment and costs. Martin Lawlor, secretary of the United Hatters, declined to say the terms of settlement, but said in response to requests for a statement for the press: "You can say that Loewe & Co. bled the United Hatters for the last cent!"

PHILS. WILSON AT WEDDING OF MISS HARDING AND F. H. PRINCE, JR. OF BOSTON

WASHINGTON, July 14.—Pres. Wilson dropped official duties long enough to attend with Mrs. Wilson the wedding of Miss Elizabeth Harding, daughter of Gov. W. R. C. Harding of the federal reserve board and Frederick Henry Prince, Jr., of Boston at St. John's Episcopal church.

EYES TELL STORY OF WAR AIMS, SAYS NOTED CHARACTER EXPERT

It is not only democracy against autocracy in this war, but kindness against brutality, optimism against pessimism, good will against treachery, civilization against savagery.

The eyes tell it. According to William Judson Kibby, character analyst of Cleveland, Ohio, the eyes betray the character of a person.

Contrast the eyes of the allied commanders with those of the Germans. There is the light eyebrow and slight, narrow, keen, handsome eye of Gen. Pershing. In that eye is nothing but kindness, humanity, good humor and love for one's fellow men.

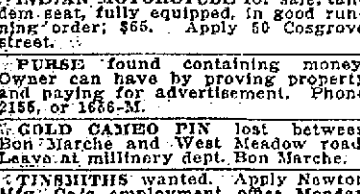

Marshall Joffre's eye also is straight, clear and narrow revealing a feeling of humanity that is remarkably mingled with grim determination.

The wide open, clear eye of Gen. Haig, British commander, is proof of humanity and sportsmanship mingled with fighting spirit.

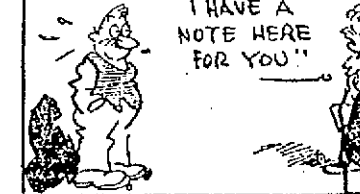

On the other hand, the eyes of the German leaders, according to Kibby's analysis, reveal brutal, inhuman and unyielding character. The heavy, overhanging eyebrow is prominent.

The anthropologists say, is one of the signs of the savage, who belongs more to the stone age than to the twentieth century.

Hindenburg's von Bethmann-Hollweg's, the Kaiser's eyes are jagged, not clearly defined and drooping. They show defiance to humanity and brotherly love. They proclaim egotistic natures and speak for the brutal and inhuman way their owners are waging the war.

WILSON'S VIEWS ON FOOD BILL

President Comes Out for
Original Control Measure—
Against Gore Substitute

Silent on Prohibition Though
Said to be Against Smoot
Amendment

WASHINGTON, July 14.—President Wilson yesterday in a letter to Senator Martin, the democratic floor leader, came out in favor of the food control bill as it passed the house, and with the exception of the liquor section, and opposed the Gore substitute food measure with its broad commanding amendment.

Senator Martin said the letter would not be made public, but it is understood that the president approves the Lever bill, because in the main it provides simply and directly the legislation that the government needs to carry out its plan for food conservation. With the "demon dry" amendment eliminated, the measure will provide the machinery to control food conditions that the president believes is vitally needed.

As passed by the house, it prevents hoarding and wasting of the food supply, authorizes the president to license business, to purchase and sell

necessaries, to purchase and requisition the necessary plants, and to fix the minimum price guarantee. It is in all that the government deems to be necessary to the proper conservation of food and fuel as the president is understood to point out in his letter to Senator Martin.

Upon reliable authority, however, it was said that his conference yesterday with the senate leaders, the president expressed disagreement with the Smoot amendment, adopted by the senate last week, directing purchase by the government of all stocks of distilled beverages in bond at cost plus 10 per cent.

His objections to the Gore proposition are much the same as those voiced by its supporters of the food control program in congress. In accord with them the president indicates that it will exempt from the control of the food administrator most and provision packing houses, commission men, coal sellers and other dealers in domestic commodities.

One of the most vital defects of the Gore plan, as viewed by the government, is that the proposed control over exchanges dealing in such commodities is limited to transactions of an interstate nature and because, while seemingly prohibiting the acquiring and storing of food products for future sale, it permits dealers to make a market whenever they desire.

Its proposition to place the control of food products under a board of food administration, Mr. Hoover would be a member of the board if the Gore bill should pass, but it is highly improbable that he would consent to serve under such circumstances or that the clearly defined plan of the government would work successfully.

Call in Republican Leaders
Although the "dry" lobby is as well satisfied with the Gore substitute as are the meat and provision packers, the

cold storage dealers and the wheel farmers, there appears to be very good reason to justify the prediction that the Gore substitute measure will be "canned" either by the senate or by the conference committee, and that it will never reach the president.

Upon receipt of the president's letter, administration leaders prepared to secure action along the lines suggested. Senators Lodge, Smoot and other public leaders were called into conference and a meeting of the democratic steering committee for next week was arranged.

Food Administrator Hoover conferred with Senator Chamberlain, in charge of the bill, and added his opposition to the Gore substitute as nullifying the government's food control plans. Fruitless attempts were made by Senators Gore and Reed to secure by parliamentary moves immediate consideration of the Gore substitute. President Marshall ruled that until the pending administration bill is entirely perfected by amendment the Gore substitute will not be in order.

The normal course of the day debating an amendment designed to prevent members of the defense council's advisory commission from selling their own produce, the committee just before adjournment Senator Pomeroy offered a substitute which Senator Chamberlain, in charge of the bill, agreed to accept. The committee then called on the commissioners from working for contracts in which they have personal interests.

Special to The Sun
STATE HOUSE, Boston, July 14.—After a brief conference yesterday at the rooms of the public service commission, participated in by representatives of nearly all the cities and towns sending delegates, a committee was appointed to confer with the officials of the Bay State Street Railway company in an effort to bring about a settlement of the dispute existing with respect to workingmen's tickets.

The committee consists of Mayor Hopkins of Newburyport, Mr. Stoddard of Gloucester, Thomas S. Sullivan of Beverly, and D. M. O'Brien of Rockland. At the recent six-cent fare hearing, the committee indicated its intention soon to file a schedule withdrawing workingmen's tickets, which at present are sold at a rate of five cents below the cash fare. The committee appointed yesterday will endeavor to have the tickets retained, at the present rate if possible, and that cannot be done, they will make a fight for a rate lower than the cash fare.

SISTERS ARE GRATEFUL
The sisters of St. John's hospital gratefully acknowledge the receipt of a generous supply of dress goods distributed from the Day State Distributing company.

EXTRA SESSION OF THE
CUBAN CONGRESS
HAVANA, July 14.—President Menocal has suspended the constitutional guarantees and called an extra session of congress.

AMERICA'S BURDEN OF FEEDING
WORLD EMPHASIZED BY FOOD
ADMINISTRATION REPORT
WASHINGTON, July 14.—America's burden of feeding the world is emphasized by a food administration report today that during April wheat exports increased from 11,302,788 bushels as a month's average for the preceding nine months to 14,232,788 bushels. Even the smaller nine months figure represents a 52 per cent. increase as compared with the three year pre-war period, 1914.

Red exports, which had shown a comparative gain of 320 per cent. in the 10 month average over the preceding war period, increased from 22,395,972 pounds to 46,211,822 pounds.

TO PROVIDE IMMENSE
AIRPLANE FLEET
WASHINGTON, July 14.—Consideration of the administration's bill providing for the establishment of an immense airplane fleet at a cost of \$640,000,000 began in the house today. Chairman Dent of the military committee, in charge of the bill, hopes to dispose of the measure by tonight.

The bill has the unanimous approval of the military committee and its passage seemed assured unless Chairman Fitzgerald of the appropriations committee opposes the appropriation section.

RAILROADS TO CO-OPERATE IN
CAMPAIGN OF THE FOOD ADMINISTRATION
WASHINGTON, July 14.—Railroads of the country have promised to co-operate in the campaign of the food administration and, as the first step, have agreed to place conservation posters in every waiting room and on their lines. It was announced today. Heads of the New York, New Haven & Hartford and Boston & Maine lines are among those who have pledged their assistance.

YOUNG GARDENERS MAY PEDDLE PRODUCE

Special to The Sun
STATE HOUSE, Boston, July 14.—Thurs. Hanson, state commissioner of weights and measures, desires to ensure all of the boy and girl gardeners who have written to him that they are entirely at liberty to peddle the produce they grow without obtaining a peddler's license. During the last few days, the commissioner's mail has been full of requests for information, several of them having been received from the vicinity of Lowell, where the young farmers are reported to be having fine success with their garden plots.

"This matter is one of importance to every citizen," Mr. Hanson said yesterday. "The main thing this year is to see to it that none of the produce grown in Massachusetts is wasted, and I wish it could be made known to every gardener, amateur or experienced, that no person can be apprehended for peddling without a license any produce grown by himself or by any member of his family. And that many of the gardeners have planted on such a scale that they will harvest crops far in excess of the needs of their families, and it is highly essential that every pound of the surplus should be disposed of to some person who will consume it."

Mr. Hanson explains also that the word "family" as used in the peddler's law has been given an exceedingly broad construction by his department and by the courts as well. It has been interpreted to include not only distant relatives of the grower, but employees as well, so that a person may peddle produce without a license even though he is not even a kinsman of the grower, provided he is in his employ.

Henry B. Endicott, executive secretary of the public safety committee, and who was recently appointed Governor McCall and by Mr. Hanson to be food dictator in Massachusetts, is also concerned with the success of the amateur gardeners in the matter of distribution. "Many men and women, and particularly children," he says, "planted plots of ground last spring with no knowledge of what to do with the crops they might expect to harvest from any given area of land, and they apparently had only hazy ideas as to what to do with the surplus of their families. The result is bound to be a surplus, in many cases, and it is the earnest hope of this department that the surplus will be disposed of in a proper manner."

Plans are already being made by Messrs. Endicott and Mr. Hanson to permit their respective departments to co-operate in bringing about the desired result, and every local dealer of weights and measures is being instructed to take such steps as he may to acquaint amateur gardeners with the fact that they may peddle their produce without a license.

HOYT.
HAS GOOD RECORD IN
THE REGULAR ARMY
Martin J. Jones of this city, who was recruited recently at Boston, has explained that his alleged appropriation of \$8 furnished by the United States government for fare money to Syracuse, N. Y., was the result of a misunderstanding. Jones served three years in the Thirtieth United States cavalry, and is now in the United States to rejoin Uncle Sam's forces at any time.

ARGENTINE GOVERNMENT WILL
RECEIVE AMERICAN FLEET IN
FRIENDLY MANNER
BUENOS AIRES, July 14.—The minister of foreign affairs, replying to an inquiry after a secret sitting of the senate yesterday, declared that he had answered several questions concerning the international situation.

At a secret meeting of the senate the minister of foreign affairs announced that he had informed American Ambassador Estomero that the Argentine government will receive the American squadron in Argentine waters in a friendly manner and without restrictions.

CANADIAN ARMY OFFICERS AT
WAKEFIELD TO TRAIN NA-
TIONAL GUARD OFFICERS
WAKEFIELD, July 14.—Canadian army officers, who have soon active service in France, assisted today in the opening of a training camp here for officers of the National Guard in this state not yet in federal service. During the ten days that they are here the officers will be instructed in trench digging, construction of wire entanglements, use of hand grenades, sapping and mining.

PLUMBERS WON'T STRIKE
There will be no strike of plumbers at the army camp in Ayer, for the

GOETHAL'S PLAN TO BEAT U-BOAT

WASHINGTON, July 14.—Major General Goethal, manager of the shipping board's emergency fleet corporation, took full charge of the government's shipbuilding program yesterday and announced sweeping plans for constructing the great merchant fleet with which the United States hopes to defeat the German submarine campaign.

The most important steps contemplated by General Goethal are these: Immediate construction of two government-owned shipbuilding plants for building and fabricating steel ships of 2,500-ton tonnage.

Commandeering of 1,500,000 tons of shipping now building for private account in American yards.

A request for another great appropriation for building ships was made in a letter to Chairman Donnan of the shipping board, which was just granted by President Wilson, would start in its building program Monday by offering contracts for construction of the two government ship plants and by outlining to shipbuilders the plans for commandeering vessels under construction.

The corporation, Gen. Goethal announced, will continue to let all contracts for wooden ships of a design approved by the corporation, except for which bids can be obtained by responsible bidders. Additional contracts for both fabricated steel and wooden ships, Gen. Goethal says, will require more money than congress has authorized.

Gen. Goethal's letter to Chairman Donnan follows: "Now that the president has authorized the emergency fleet corporation to exercise the powers granted by congress to build and commandeer ships, I intend, on Monday, to start shipbuilding program. My full program is as follows: "Ships now building: "Contracts for 318 wooden ships have been let, or agreed upon, with a tonnage capacity of 1,219,000 tons, at a cost of \$171,000,000. "In addition I have under negotiation contracts for about 100 wooden ships.

"Contracts for 77 steel ships have been let, or agreed upon, with a tonnage capacity of 1,219,000 tons, at a cost of \$171,000,000. "There are thus provided 425 ships of all sorts, with an aggregate tonnage of \$21,000,000, besides 100 more wooden ships (of design approved by the naval architect) which will be built at a cost of \$171,000,000.

"Construction of standardized ships: "My main reliance for getting the greatest amount of the most serviceable tonnage in the shortest time will be placed on the construction of standardized steel ships of standard pattern. For that purpose I shall use, to some extent, the existing yards. "On Monday, I shall offer contracts for the building of two plants (to be owned by the government) for the construction of fabricated steel ships, to produce 100 ships of an aggregate tonnage capacity of 2,500,000 tons within the next 18 to 24 months. "These two yards and the construction of ships in them I shall offer, as compensation to the yards, for the work of building approximately 5 per cent of the total cost of the work, with rewards for savings in cost and for speed in delivery.

"Provisions will be made for decreasing the fee to prevent unnecessary cost. The contracts will be awarded on the basis of government-owned commodity prices and will provide for cessation of the work, so that the appropriation will not be exceeded. Options will be given to the contractors to purchase the plants and cutting out red tape on the completion of the work.

Everything Ready
"This design of the ship is ready, the plans of the yards are ready; the distribution of the work of furnishing material and of fabrication is arranged. "This part of the program will take all the \$50,000,000 available not absorbed by contracts for building ships. This program will more than redeem my estimates to the congressional committee at the time this appropriation was asked for of 3,000,000 tons of new construction within 15 months.

"The additional contracts for wood ships which I expect to place, together with the full number of fabricated steel ships which are planned to build, will require more money than congress has authorized. When I know how much will be needed, I will be necessary to ask congress for further sums.

"On Monday I shall deliver to shipbuilders a general statement of the program which I have long been meaning to construct under private account (said ships having an aggregate tonnage considerably in excess of 1,500,000 tons).

"The essence of this program is to commandeer all such ships and expedite their construction by adding labor and cutting out red tape. By thus federalizing each yard, giving it government help and putting it on a speed basis, we shall produce the greatest efficiency, as fast as the yards are cleared each yard will be devoted to the production of a single type of tonnage for which it is best suited. I count upon the complete cooperation of the yards.

"This program is made comprehensive because expedition cannot be obtained in a yard engaged partly on the work and partly on pre-war time schedules. My investigation has satisfied me the citizens of the United States and of our allies will pay the

GOETHAL'S PLAN TO BEAT U-BOAT

WASHINGTON, July 14.—Major General Goethal, manager of the shipping board's emergency fleet corporation, took full charge of the government's shipbuilding program yesterday and announced sweeping plans for constructing the great merchant fleet with which the United States hopes to defeat the German submarine campaign.

The most important steps contemplated by General Goethal are these: Immediate construction of two government-owned shipbuilding plants for building and fabricating steel ships of 2,500-ton tonnage.

FRANCE CELEBRATES ITS NATIONAL FETE

PARIS, July 14.—France today celebrated its national fete with fervor and quiet joy unknown in many years. The Russian revolution has made the meaning of the great epoch which, dawning in America in 1776, culminated in France in 1789 in a great revolution whose spirit after over a century is about to have its full fruition in the destruction of the last bastille of absolutism by the forces of allied democracy.

"It is a pity," says Paul Deschanel, president of the chamber of deputies in a message to the Journal, "that the Germans cannot see our normal fete, they who believe us to be starving and at the end of our resources."

In the month of April, notwithstanding magnificent results, we did not realize our hopes. Since then a noble leader who has had nothing but success in this war, a great infantryman, a wise, upright and clear mind has been put at the head of our armies. Already the Russians are fulfilling their pledges and now are the Americans bringing us their powerful support not only in money, airplanes and ships, but in men and guns."

In the detachments guarding the colors of the 16th infantry in today's review was a white-headed sergeant wearing a medal of 1870 and the war cross with several stars and palms. His name is Le Menager. He was in the United States in 1870, but he left for France with his wife and four daughters. Notwithstanding his 64 years, he enlisted, has fought for three years and has been wounded. He is promoted to the rank of sergeant and is understood to be the oldest man in the ranks of the French army.

DON'T BELIEVE IN SIGNS
A car came into Merrimack square late yesterday afternoon, with a sign marked Lakeview and several young men got on. When the car arrived at Merrimack square, which is a distance from Lakeview, the conductor announced: "This is as far as the car goes. Two young men who wanted to go to Lakeview remained here, and one said that they took the car because it bore a 'Lakeview' sign, but their protest like others, made against the order service here was of no avail, and they got out and walked the remainder of the distance, while the conductor gave away bells, and the car with the crew smiling from ear to ear returned to Lowell. But cheer up, the worst is yet to come.

ACCOMPANIED COMMODORE PERRY
ON HIS EXPEDITION TO
JAPAN IN 1853
LYNN, July 14.—Stephen E. Knights, said to have been the last survivor of the crew which accompanied Commodore Matthew C. Perry on his expedition to Japan in 1853, died at his home here yesterday. He is 89 years old. Knights, who was a native of Windham, N. H., went to sea on a whaler at the age of 15 years and later enlisted in the navy, where he served on the Vandalia of Perry's fleet.

GETS \$300,000 GIFT FOR \$10 AND
LOVE FROM HER FATHER.
J. OGDEN ARMOUR
Miss Armour has received from her father, J. Ogden Armour, millionaire packer of Chicago, a gift of land val-

ued at \$300,000, in return for \$10 and natural love and affection. This will assure Miss Armour at least \$15,000 a year income.

LOLITA
ARMOUR

LOLITA ARMOUR

HE ONCE THE DELIVERY BOY

GROCERY

own expressman. That's another horror of war, but it saves you from waiting the grocer's valuable time and trouble.

And, besides, walking to and from the store is good exercise. Walk, or eat less is the slogan these days. If you don't care to walk you'll eat less, and if you don't want to eat less, now you have to do your walking.

The grocer's boy is doing his all because we have to fight a Kaiser and until he's gone you can't expect the delivery boy at your back door.

Now you have to do your walking.

Now you have to do your walking.

Now you have to do your walking.

Now you have to do your walking.

Now you have to do your walking.

Now you have to do your walking.

Now you have to do your walking.

**MRS. GILLIGAN FOUND

up service at the front.

Commentators suggest American play here a role of unparalleled utility by hastening to bring to her aid still greater preponderance of air power.

In fact, it is suggested, the Germans in forcing the fight in the skies are actually ensuring their own speedy downfall through an allied navy so powerful as to dominate completely the whole future course of

they cannot help hoping that it is another raid they'll have a view of the aerial performances. Over so tremendously thrilling and novel.

The horror of the babies with arms and legs blown off, school children crushed under falling towers—things they don't know or until day, unless they were right near spot where the bombs fell. But some of these things their parents grow more grim than ever that there's no peace with the Hohenzollerns.

GEO. E. MONGEAU

MME. JOFFRE HELPS WELCOME GEN. PERSHING TO PARIS

Military officials of France staged one of the most glorious receptions to Gen. Pershing on his arrival in Paris. The famous general is here shown with the French commanders. Photo also includes the first picture in this country of Mrs. Joffe, standing between Gen. Pershing and his wife, Mrs. Joffe, and Gen. Dubail and his wife.

KAISER ABDICATES

Unconfirmed Rumor That German Emperor Has Abdicated in Favor of His Son, Prince Joachim

RUSSIAN ARMIES STILL SWEEPING FORWARD

On the military side the situation continues to bear a most encouraging aspect for the formidable group of nations allied against the central powers, this generally being taken into consideration in dealing with the situation in Berlin and Vienna.

Russians Sweeping Forward

The Russian revolutionary armies in Galicia are still sweeping forward. Apparently there is little to stop them pouring through the breach in the lines in eastern Galicia opened by Gen. Korniloff. They are pushing on north of the Dniester and west of the Lomnica and generally proving victors in the fighting going on along a fifty mile front.

On Franco-Belgian Front

On the Franco-Belgian front a waiting policy is being pursued by General Haig on the British end of the line and Gen. Petain in the French action.

CABINET CRISIS IN RUMANIA

JASSY, Rumania, July 6 (Delayed).—A cabinet crisis is confronting the Rumanian government. Four conservative ministers have refused further to cooperate with Premier Bratiano and they also demand that two more conservatives be admitted to the cabinet.

PEKING BOMBARDED FOR NINE HOURS

LONDON, July 14.—A despatch to the Times from Peking dated Thursday says that firing on the capital ceased after a nine hours bombardment. The damage is unimportant. A Tsin Tsin despatch to the Exchange Telegraph Co. filed on Thursday, says that "most regrettable fighting" occurred in Peking. Communication between the city and the outer world, except by express military means, has been suspended temporarily. The last message to reach Tsin Tsin indicated hard fighting was proceeding to the advantage of the republicans.

Complete Restoration of Republic
WASHINGTON, July 14.—The occupation of Peking by the republican forces, following the surrender at Pung Tai Thursday of the monarchist army of 10,000 men, indicates the complete restoration of the republic. The Chinese legation here declared today.

Order in the capital was restored with a few casualties, the republicans said. Chang Hsun, who led the revolt of the imperialists, has taken refuge in the Dutch legation in order to obtain safe conduct out of the country. Premier Tuan Chi Jui will establish republican headquarters in Peking immediately, it was stated.

Three Americans Wounded
WASHINGTON, July 14.—Three Americans were wounded by stray bullets, the state department announced today in the ten hours fighting in which Chinese republican troops forced the surrender of the monarchist troops of Gen. Chang Hsun.

BUSINESS

Business does not grow like a flower or a weed. It must be cultivated slowly and laboriously. The only merchant who has succeeded is he who has patiently and carefully reared stone upon stone, course upon course, until today shows him a fair edifice. So with advertising. To advertise for the immediate response alone is to confess weakness and inefficiency. To advertise constructively in such a way as to build CONFIDENCE, is to issue a guarantee for the future and a challenge for the present. If you will read these daily editorials you will know more about this store, its merchandise, and its ideals.

There has been only local fighting by either group of armies.

Russians Take Novia
PETROGRAD, July 14.—Russian troops have occupied the village of Novia, south of Kaluzh in eastern Galicia, the war office announced today.

Artillery Fighting

PARIS, July 14.—There was active artillery fighting last night near St. Quentin and on the Alsne front between Craonne and Courcy, the war office reports. German attempts to raid trenches south of St. Quentin were crushed. The French made a successful raid west of Novarin farm. On the Verdun front at Hill 304, and in the Woerwa the artillery was active.

A German airplane dropped bombs near Nancy. Two women and a child were killed.

Germans Repulsed by British

LONDON, July 14.—Early last night the enemy attacked our positions south of Lombaertzyde, after heavy artillery preparation and was repulsed," says today's official statement. "Night raids were attempted by parties of the enemy without success east of Margicourt, west of Waineton, east of Costaverne and north of Ypres. We captured a few prisoners in these engagements and in the course of patrol encounters northwest of Cherisy."

British Attack Broke Down

BERLIN, July 11, via London.—(British Admiralty per Wireless Press)—British attacks near Lombaertzyde last night broke down with heavy losses, the war office reports.

Big British Transport

SUNK BY SUBMARINE
LONDON, July 14.—The British transport Armadale has been sunk by a submarine, it is officially announced.

The statement announcing the sinking reads: "The British transport Armadale, with a small number of troops on board, was torpedoed and sunk by an enemy submarine in the Atlantic on June 27. Six soldiers, one passenger and four of the crew are missing and it is presumed were drowned."

The Armadale was a mercantile steamer of 6153 tons gross, built in 1909 at Glasgow and owned by the Australian Steamship Co. of London.

MOTORMAN'S INJURIES PROVE FATAL

John J. Loomer, the motorman who was injured in a rear end collision in Tewksbury on the evening of July 1, died this morning at the Tewksbury infirmary. The accident which caused his death occurred about 9 o'clock in the evening near Chandler's turn-out. An automobile was stalled on the car tracks, and according to the story, the regular Boston car was followed by an extra. Loomer was the motorman of the extra, and in the rear-end collision that came when the leading car stopped abruptly he was injured. He was removed to the Tewksbury infirmary and for a while it was thought that he would recover. It was a vain hope, however, and he died this morning.

Decidedly a wife, Annie; two children, James and Fred; and two sisters, Alice and Margaret. He was a member of the Street Railway Carman's union, and secretary of the Gen. B. F. Butler Veterans' association. The body was removed to the home of his mother, rear of 325 Lakeview avenue, by Undertakers C. H. Molloy's Sons.

Peace Clamor Growing in Both Germany and Austria

EMPEROR WILLIAM OF GERMANY

Reichstag Goes on Strike Against Crown and Military Party—Majority Demands Peace Terms on Basis of Non-Annexation—Prussian War Minister Resigns—German Crown Prince Waging Fight For Control—He is in Disfavor as Representing the Militaristic Interests

Germany's serious internal crisis overshadowed the pending military operations in the news of the day.

Reichstag On Strike

The reports from Berlin show that the reichstag has gone on strike against the crown and the military party, apparently in the interest of a parliamentary system of government.

Report Kaiser Resigns

There is even a rumor although entirely unconfirmed and little credited, that Emperor William has abdicated in favor of his sixth and favorite son, Prince Joachim.

Peace Clamor Growing

The peace clamor is growing in both Germany and Austria-Hungary. Part of the trouble between the reichstag and the governing class is over the government's persistent de-

clination to state Germany's peace terms on the basis of non-annexation demanded by what now comprises a majority bloc in the reichstag.

War Credit Bill Held Up

The war credit bill is being held up by this majority until the political crisis is settled. But more serious yet is the decision of the members not even to meet meanwhile for discussion in regular session or in committee.

Crown Prince's Fight for Control

Apparently the crown prince is waging a fight for control on behalf of the militaristic interests. Chancellor von Bethmann-Hollweg is under fire from the crown and his supporters, the chancellor seemingly being too liberally inclined to suit the help to the throne.

Rumor Kaiser Abdicates

LONDON, July 14.—A despatch to the Morning Post from Amsterdam says that rumors current that Emperor William has abdicated in favor of his son, Prince Joachim are unconfirmed and must be taken with all reserve.

TROOPS ESCORT I. W. W. EXILES TO COLUMBUS

COLUMBUS, N. M., July 14.—Close-guarded by United States cavalry troops from Douglas, Ariz., the special freight train, carrying the deported strikers and others from Hermanas arrived here at 7:45 o'clock this morning and the occupants were delivered to Col. H. G. Sickels, camp commandant here by Col. James A. Hornbrook. Refugees will remain in the freight cars until late today, when they will be transferred to a detention camp being prepared for them by United States cavalry men.

COL. HORNBOOK AND 192 MEN ARE AT HERMANAS TO ESCORT 1200 EXILES OUT OF TOWN

HERMANAS, N. M., July 14.—Col. James A. Hornbrook, U.S.A., with a continued to Page Two—First Section

ARREST 16 SUFFRAGISTS AT WHITE HOUSE

WASHINGTON, July 14.—Sixteen suffragists of the women's party attempting to stage a picketing demonstration at the White House gates today in celebration of the fall of the Bastille were promptly arrested and taken to jail.

Each of the women gave \$25 bail at the police station to appear Monday for trial on the charge of impeding traffic.

PRES. WILSON'S WARRANT FOR ARREST OF COCCHI

NEW YORK, July 14.—A personal warrant from President Wilson for the arrest of Alfredo Cocchi in Italy for the murder here of Ruth Cruger was received by registered mail today by Edward Swann, district attorney.

The prosecutor and Police Commissioner Arthur Woods, confronted by the probability that the Italian government would be unwilling to surrender Cocchi recently wrote to the president asking him to take action.

Frank Cassano and John Conitt, detectives, will take President Wilson's warrant to Italy.

OLYMPIA SEAWORTHY IN THREE WEEKS

NEW YORK, July 14.—The Olympia, Admiral Dewey's flagship in the battle of Manila Bay, which recently went ashore on Block Island, was put in a dry dock at the navy yard here today. When she went ashore it was reported that she might be a total loss, but it was said today that she can be made seaworthy in three weeks. She was brought to the yard late yesterday under tow of seven tugs.

THIS SLACKER'S WIFE A GENTLE CREATURE

CHICAGO, July 14.—The first of the slacker marriages here to make public appearance in the domestic junk pile was recorded at a hospital today when Conrad Jeffers, 29 years of age, was brought in with his skull fractured by hammer blows and his throat cut.

He married her two months ago to escape the draft, explained Mrs. Jeffers. "I found out that he was a slacker and we quarreled all the time. We had hours of it last night and finally when he was asleep I got a hammer and a razor and went after him."

ARMED MEN KEEP MINES CLOSED

FLAT RIVER, Mo., July 11.—Three thousand armed men paraded the lead belt of St. Francis county, Missouri, today and not a mine was working in the district. The marchers insisted that the mines remain closed and that all foreign-born workers depart. The foreigners—men, women and children—were leaving today by every possible conveyance.

Officials of the Western Federation of Miners said the demonstration was controlled by strangers sent into the district by the Industrial Workers of the World.

No deaths from last night's rioting have resulted but scores of the foreign-born miners are in a serious condition.

GOV. M'CALL CANDIDATE FOR THIRD TERM

BOSTON, July 14.—Formal announcement that Gov. McCall would be a candidate for re-election was made today by George A. Bacon, chairman of the republican state committee.

Bacon told members of the committee at a meeting here that he was authorized by the governor to state that he would make an active campaign for a third term.

Frederick W. Mansfield, a lawyer, and William F. Fitzgerald, a banker, are candidates for the democratic nomination. Mr. Mansfield was defeated by Gov. McCall last year.

If you want to reach the people who spend their money in Lowell advertise in The Sun, Lowell's greatest newspaper.

SISLER NEXT TO COBB GREATER BOSTON HORSES FOR BATTING HONORS IN BIG CLEANUP

CHICAGO, July 14.—With an average of .332, George Sisler, the youthful first base star with St. Louis, has batted his way to second place in the American league, according to unofficial averages published today. The average of Cleveland, according to the same source, is .325. Although falling in his attempt to break his record for consecutive hitting, Ty Cobb is safely out in front with .375.

Thrown temporarily off his batting stride due to a sprained thumb, Sisler picked up remarkably in his last eight games. He drove out 17 hits, five of them triples and three doubles and boosted his average 19 points.

Cobb's speed 32 runs.

Cobb's record in running bases has given him possession of the scoring lead in the American league. He has crossed the plate 62 times in 77 games. He also leads in total base-hitting, having driven out 36 hits for the season. Twenty of his blows were doubles, 13 triples and three home runs.

Chapman of Cleveland, delinquent in his batting, led the team in batting with a total of 27. He also increased his lead in sacrifice hitting to 41. Pipp of New York, who has been short in the way to the home run hitters, Detroit maintained its lead in team batting with an average of .254. The averages include game averages.

Leading hitters for half their club's games: Cobb, Detroit, .375; Sisler, St. Louis, .332; Speaker, Cleveland, .325; Rumsen, St. Louis, .322; Alton, Philadelphia, .314; Chapman, Cleveland, .308; Milan, Washington, .304; Baker, New York, .302.

Rousch Leads National League

Rousch of Cincinnati, drew away from Cruise of St. Louis in the race for batting honors in the National League. With an average of .305, Rousch is 10 points ahead of his rival, Fischer of Pittsburgh, batted .295 way into the season.

McInnis, which is making a determined fight for first division honors, has players batting in the 30 class, Clarke, St. Louis, .325; Rousch, Cincinnati, .305; Fischer, Pittsburgh, .295; but only played in 31 games. Hana Wagner, the Pittsburgh veteran, piled up 16 points in the last week, boosting his average to .285.

McInnis of New York tied Carey of Pittsburgh for stolen bases honors, each having 18. There were no changes in the leaders in other departments of the game. Doyle of Chicago retained the lead in sacrifice hits with 18 and Groh of Cincinnati boosted his lead in sacrifice hits to 18. Groh of St. Louis held on to home runs honors with eight. Cincinnati kept up its lead in team batting with .254. Leading hitters in their club's games: Rousch, Cincinnati, .305; Fischer, Pittsburgh, .295; Cruise, St. Louis, .304; Groh, Cincinnati, .301; Groh, Cincinnati, .301; Cravath, Philadelphia, .300.

MAKE GLYCERINE FROM SUGAR

WASHINGTON, July 14.—Discovery in the internal revenue division laboratory of a process for manufacturing glycerine from sugar was announced today by the treasury department. The discovery, the secret process evolved the cost of this substance, a heavy factor in the manufacture of explosives, will be reduced to slightly more than one-fourth of its present cost.

Glycerine is at present manufactured almost entirely from fats, at a cost of 90c a pound, which is six times its cost of production before the war. Extinction of the product from sugar will insure production of glycerine at 25c a pound or less. The immense importance of the discovery in connection with the supply of the war is pointed out by officials who declare that Germany's fat shortages largely due to the use of fats for production of explosives in Germany has long since been forced to discontinue the manufacture of soap in order to conserve the fats for munitions making.

The discovery is the first to be announced by the chemists working in co-operation with the council of national defense.

NEWS OF THE DAY IN POLICE COURT

A sequel to the strike of the employees of the picker room of the Tremont & Suffolk mills took place in police court this morning when the case of John Wojna, charged with assault and battery on Joseph Kozystyniak on Thursday night, was called.

According to the testimony offered, the complainant and defendant were employed in the picker room of the mills and went to work on Thursday morning. The defendant refused an increase in wages. Thursday morning Kozystyniak decided to return to work. The word was passed around that he had broken from the ranks of the strikers and at the same time the defendant was charged with assault and battery on Kozystyniak. The defendant denied the charge. The court, after considering the evidence in the case, found the defendant guilty and imposed a fine of \$5.

On the other hand the defendant denied that there was an assault. He said he and the three other strikers called upon the complainant to attempt to persuade him not to return to work. The court, after considering the evidence in the case, found the defendant guilty and imposed a fine of \$5.

LEVINSKY TO MEET DILLON

One of the best exhibitions of a boxer pulling out of a tough hole apparently beaten beyond the hope of recovery was that demonstrated by "Battling" Levinsky, who fought Jack Dillon, the "man killer" at the Memory A. A. at the Boston Arena last fall. These men meet next Tuesday night at the Boston Arena and it is expected that the fight will be a long one. Levinsky, who was beaten by Dillon at their last meeting there, will be enough fighting to please those fans who like a hard-fought battle. Levinsky, who was beaten by Dillon at their last meeting there, will be enough fighting to please those fans who like a hard-fought battle.

SHOELESS HORSE WINS AT NORTHAMPTON

NORTHAMPTON, July 14.—Good weather yesterday failed to bring out a crowd for the second day of the Bay State circuit meeting and the racing was rather tame, one class going more than one heat, and the winning of that race was never in doubt.

Father and son, Harry and Lyman Bruse, were contending against each other in the race for the money. Lyman, driving Red November, had to be content with third money.

Monte Volo threw a shoe and two hoofs in front of the stand the first time around, but won the heat just the same.

SPEED UP FINAL ACTION ON FOOD CONTROL BILL

WASHINGTON, July 14.—Plans for speeding up final action on food control legislation in the senate, in accordance with the suggestion of President Wilson conveyed in a communication to Senator Martin, democratic floor leader of the senate, were being mapped out today by administration leaders.

Senator Martin called a conference for late today for senate leaders, republicans and democrats, who favor the general scheme of the administration program to discuss changes in the pending bill.

Leaders of both sides expressed conviction that the bill before the senate would be amended and passed by an overwhelming vote next Saturday.

When debate in the senate resumed Senator Stone declared that although the food bill contained many things he did not like and which he would not support in normal times, he intended to vote for the measure now. He said while he opposed America entering the war he was behind the president in the emergency.

LIBERTY BONDS' LOW RECORD

NEW YORK, July 14.—Further selling of Liberty loan bonds on the stock exchange today brought their price down to a new low record, 70s 25-80, or a depreciation on a \$100 bond of fifty cents. Later lots exceeding \$100,000 sold at 88 1/2-90.

TROOPS ESCORT EXILES

command of 152 officers and men, arrived here this morning on a special train from Douglas, Ariz., to take the 1200 Bismarck exiles to Columbus, N. M. The exiles were put on the train as they were being escorted by the military. The exiles for Columbus were ordered to leave immediately.

The soldiers were assisted by Sheriff Simpson of Luna county, New Mexico, and his deputies. The exiles were escorted by the military. The exiles for Columbus were ordered to leave immediately.

House of Correction

Rosario Jalbert was charged with being drunk but after his wife got through testifying against him he was sent to the house of correction for three months. Mrs. Jalbert said that she and her husband had not been living together for three months and that while he had given her a little support it did not amount to much and she thought he would be better off in jail than enjoying his freedom. The prosecuting officer informed the court that Jalbert had been before the house of correction for a short time ago and was under a suspended sentence of three months in the house of correction for non-support. The judge sentenced Jalbert to three months in the house of correction and his wife will receive \$3 a week.

Drunk Offenders

James Highland was charged with being drunk and he was given a suspended sentence of five months in the house of correction. John Quinn will spend the next three months in jail.

John R. Roddy pleaded guilty to being drunk and he was fined \$5 and was also ordered to pay \$6 which he owed for a fine previously imposed. Daniel J. Collins was ordered to pay a fine of \$10 and William O'Sullivan was fined \$5. Seven first offenders were released.

WAR AGAINST WASTE

At noon today the women who are in charge of the food conservation campaign in this city reported at headquarters in Merrimack street that 7410 names of housekeepers and women over 16 years of age had enlisted in the war against waste and the cards bearing the signatures were immediately sent to Washington, D. C.

The names gathered by wards were as follows: Ward one, 357; ward two, 300; ward three, 227; ward four, 792; ward five, 524; ward six, 1200; ward seven, 739; ward eight, 1220 and ward nine, 1307.

KNIGHTS OF COLUMBUS

Contributions to the Knights of Columbus war fund campaign which closed officially over a week ago, are still coming in. Although the quota sent for the local council was over-subscribed, satisfactory contributions will not be refused, and proper acknowledgment will be made. Secretary George F. Briggs is at present engaged in sending acknowledgments to all who made offerings in the campaign, and it is expected that the work will be cleared up within a few days.

The next regular meeting of the council will be held Thursday evening, and plans for the annual outing of the council will be discussed. According to present indications, this year's outing will be held July 26 at the Knights of Columbus grounds in Tyngsboro.

GOVERNMENT TO INTERFERE MAN ELEMENT OF INDUSTRIAL WORKERS

SEATTLE, Wash., July 14.—The United States government has decided to take out of the I.W.W. organization that part of it which is German or dominated by German influences, according to announcement by United States District Attorney Clay Allen. The men will be interned, Mr. Allen said. Investigation by government agents, said the district attorney, showed a large percentage of the workers in the country are of German descent and are not subject to draft.

"Therefore, the big industrial centers get it on both ends; a larger number of them are being drafted and interned, with a smaller number to draw upon when the aliens come forward and say 'Alien,' which means exemption."

"We hope our congressmen at Washington will get busy on this situation right away, not forgetting what is now important still, the passage of legislation which will give the power to foreign governments to conscript these men for their own arms, who avoid service on the ground that they are aliens."

Forty-three bombs on the way to East St. Louis, seized by police

CHICAGO, July 14.—Forty-three bombs, containing what was said to be an explosive, were intercepted yesterday by the city police and men of the department of justice. The bombs were being shipped to East St. Louis with a carload of scrap iron. None of the bombs contained a fuse, and it was believed they were designed to explode by concussion or by fire.

One theory is that the bombs were designed to explode when a quarry of scrap iron was being used in a manufacturing plant. No details of the discovery of the bombs were given by the Chicago bureau of investigation, to whom the discovery was reported.

AGAINST EQUAL SUFFRAGE

BOSTON, July 14.—By a vote of nine to six the constitutional convention committee on suffrage yesterday opposed consideration of an amendment providing for equal suffrage. Two members of the committee announced that they would advocate equal suffrage for women, while four others gave notice that they would support a measure permitting women to vote for presidential electors, United States senators and representatives in congress.

INCOME INVESTED IN LIBERTY LOAN BONDS WILL NOT BE EXEMPT FROM TAXES

WASHINGTON, July 14.—Income invested in Liberty loan bonds will not be exempt from income taxes, treasury officials ruled today. It was explained that Liberty bonds are not liable to property tax, but that they are accepted as income, the liability of the income to taxation is not affected.

Y. M. C. A. CAMP AT AYER

SPRINGFIELD, July 14.—Kenneth Spivey, general secretary of the Springfield Young Men's Christian association, is to take charge of the educational and religious activities of the Young Men's Christian association at Ayer. It was announced today. He will have fifty men under his direction. It will begin the work in September.

WHAT IS THE DIFFERENCE BETWEEN AN OLD PENNY AND A NEW DIME?

WELL, COME OUT WITH IT!

JAPAN'S NAVY NOT TO BE ENLARGED

TOKIO, Japan, July 14.—Responding to an interpellation in the house of peers as to whether Japan intended to keep pace with American naval expansion, Vice Admiral Kato, minister of marine, said there was no need of greater expansion with a view to offsetting America's increase. Moreover, he declared, an enlarged program was quite impossible for Japan in the present financial situation of the country.

Sakuma Takahashi, the interpellator, said he raised the question because he thought Japan's occupation of South Sea Islands might influence the future relations between Japan and the United States.

PLAN TO CONSCRIPT ALIEN SLACKERS

BOSTON, July 14.—The apportionment of the draft, on the ground that it will take an undue number of men of draft age from the industrial centers because of increased population and the same time exclude a large number of aliens in these places, was criticized as unfair by former Mayor Fitzgerald in a statement issued yesterday.

He urged that congress correct this condition at once and also made provision for conscripting the alien population.

In this connection it was learned yesterday that the administration will not tolerate alien slackers, but will devise means of making citizens or subjects of any of the states possessive of their military responsibility. It is believed the administration will support a bill recently introduced by Chairman Burnett of the House, which would authorize recruiting officers of the allies, whom congress already has authorized to solicit voluntary enlistments, to round up and conscript the national and military age. If this measure should fail of enactment an attempt will be made to reach the slackers in another manner.

Ex-Mayor Fitzgerald's statement reads:

"According to Washington advices, Boston population for draft purposes is \$28,000. These figures are altogether too high, and the census bureau admits it. This department claims, however, that because of the undue number of young men of draft age in the big industrial centers they are justified in making the population larger than the actual figures would show."

"Other New England cities suffer even more than Boston, Massachusetts, according to Mr. Gettens, is given at least 300,000 more than actually live here, while Boston is given 50,000 more."

"The worst feature of the arrangement is that while there is undoubtedly an undue proportion of young men of draft age in the big industrial centers who came in answer to war demands, the new population is largely alien and not subject to draft."

"Therefore, the big industrial centers get it on both ends; a larger number of them are being drafted and interned, with a smaller number to draw upon when the aliens come forward and say 'Alien,' which means exemption."

"We hope our congressmen at Washington will get busy on this situation right away, not forgetting what is now important still, the passage of legislation which will give the power to foreign governments to conscript these men for their own arms, who avoid service on the ground that they are aliens."

DANBURY HATTERS CASE FINALLY SETTLED

DANBURY, Conn., July 14.—An agreement for a settlement of the judgment of \$252,000 and costs in the case of D. E. Loewy & Co. against members of the United Hatters of North America was announced this afternoon after a short conference between the lawyers and union officers representing the litigants.

The amount paid by the union was not officially stated by any member of the conference, but it is learned that the settlement was for approximately two-thirds of the amount of the judgment and costs. The settlement was announced this afternoon after a short conference between the lawyers and union officers representing the litigants.

PRES. WILSON AT WEDDING OF MRS. HARDING AT F. H. PRINCE, JR., OF BOSTON

WASHINGTON, July 14.—Pres. Wilson dropped official duties long enough to attend with Mrs. Wilson the wedding of Miss Elizabeth Harding, daughter of Gov. W. R. G. Harding of the federal reserve board and Frederick Henry Harding, Jr., of Boston at St. John's Episcopal church.

EYES TELL STORY OF WAR AIMS, SAYS NOTED CHARACTER EXPERT

It is not only democracy against autocracy in this war, but kindness against brutality, optimism against pessimism, good will against treachery, civilization against savagery. The eyes tell it. According to William Judson Kibby, character analyst of Cleveland, Ohio, the eyes betray the character of a person.

Contrast the eyes of the allied commanders with those of the German. There is the light, eyebrow and straight, narrow, keen, gladsome eye of Gen. Pershing. In that eye is nothing but kindness, humanity, good humor and love for one's fellow men. Marshal Joffre's eye also is straight, clear and narrow revealing a feeling of humanity that is remarkably mingled with grim determination.

The wide open, clear eye of Gen. Haig, British commander, is proof of humanity and sportsmanship mingled with fighting spirit.

On the other hand, the eyes of the German leaders, according to Kibby, analysis, reveal brutal, inhuman and unyielding character. The heavy overhanging eyebrow is prominent. That, anthropologists say, is one of the signs of the savage, who belongs more to the stone age than to the twentieth century.

Hindenburg's eye, on the other hand, is jagged, not clearly defined and drooping. They shout defiance to humanity and brotherly love. They proclaim egotistic natures and speak for the brutal and inhuman way their owners are waging the war.

WILSON'S VIEWS ON FOOD BILL

President Comes Out for Original Control Measure—Against Gore Substitute

Silent on Prohibition Though Said to be Against Smoot Amendment

WASHINGTON, July 14.—President Wilson yesterday in a letter to Senator Martin, the democratic floor leader, came out in favor of the food control bill as it passed the house, with the exception of the liquor section, and opposed the Gore substitute food measure with its broad commanding amendment.

Senator Martin said the letter would not be made public, but it is understood that the president approves the Lever bill, because in the main it provides simply and directly the legislation that the government needs to carry out its plan for food conservation.

With the "bone dry" amendment eliminated, the measure will provide the machinery to control food conditions that the president believes is vitally needed.

As passed by the house, it prevents hoarding and wasting of the food supply, authorizes the president to license business, to purchase and sell

necessaries, to purchase and requisition the necessary plants, and to fix the minimum price guaranty.

That is all that the government needs to do to conserve the food supply, the president is understood to point out in his letter to Senator Martin.

Oppose Smoot Amendment

The president's letter, which was not made public, is understood not to have discussed prohibition in any form.

Upon reliable authority, however, it was said that in his conference yesterday with the senate leaders, the president expressed disagreement with the Smoot amendment, adopted by the senate last week, directing purchase by the government of all stocks of distilled beverages in hand at cost plus 10 per cent.

His objections to the Gore proposition are much the same as those voiced by the supporters of the food control program in congress. In accord with them, the president indicates that it will exempt from the control of the food administration meat and provision packing houses, commission stores, cold storage and other dealers in domestic commodities.

One of the most vital defects of the Gore plan, as viewed by the government, is that the proposed control over exchanges dealing in such commodities is limited to transactions of an interstate nature and because, while seemingly prohibiting the acquiring and storing of food products for future sale, it really permits dealers to make a market whenever they desire.

His proposition to place the control of food products under a board of five is considered obviously for the purpose of embarrassing Herbert C. Hoover, who has been selected for food administrator. Mr. Hoover would be made a member of the board if the Gore bill should pass, but it is highly improbable that he would consent to serve under such circumstances or that the clearly defined plan of the government would work successfully.

Call in Republican Leaders

Although the "dry" lobby is as well satisfied with the Gore substitute as the meat and provision packers, the

cold storage dealers and the wheat farmers, there appears to be very good reason to justify the prediction that the Gore substitute measure will be "canned" either by the senate or by the conference committee. That it will never reach the president.

Upon receipt of the president's letter, administration leaders prepared to secure action along the lines suggested. Senators Lodge, Smoot and other republican leaders were called into conference and a meeting of the domestic steering committee for next week was arranged.

Food Administrator Hoover conferred with Senator Chamberlain, in charge of the bill, and added his opposition to the Gore substitute as nullifying the government's food control plan.

Efforts attempts were made by Senators Gore and Reed to secure by parliamentary moves immediate consideration of the Gore substitute. Vice President Marshall ruled that until the pending administration bill is entirely perfected by amendment the Gore substitute will not be in order.

The senate spent the whole day debating an amendment designed to prevent the food administration from selling its own products to the government. Just before adjournment Senator Pommeroy offered an amendment which Senator Chamberlain, in charge of the bill, agreed to accept, merely prohibiting the commissioners from working for profit in which they have personal interests.

WORKINGMEN'S TICKETS CONTROVERSY

Special to The Sun

STATE HOUSE, Boston, July 14.—After a brief conference yesterday at the room of the public service commission, participated in by representatives of nearly all the cities and towns served by the company, a committee was appointed to confer with the officials of the Bay State Street Railway company in an effort to bring about a settlement of the controversy existing with respect to workingmen's tickets.

At the recent six-cent fare hearings, the company indicated its intention soon to file a schedule of rates for the summer season which at present are sold at a rate considerably below the cash fare. The committee appointed yesterday will endeavor to have the tickets retained, at the present rate if possible, and if that cannot be done, they will make a fight for a rate lower than the cash fare.

SISTERS ARE GRATEFUL

The sisters of St. John's hospital gratefully acknowledge the receipt of a generous supply of dressed fish on several occasions from the Bay State Distributing company.

EXTRA SESSION OF THE CUBAN CONGRESS

HAVANA, July 14.—President Menocal has suspended the constitutional guarantees and called an extra session of congress.

AMERICA'S BURDEN OF FEEDING WORLD EMPHASIZED BY FOOD ADMINISTRATION REPORT

WASHINGTON, July 14.—America's burden of feeding the world is emphasized by a food administration report today that during April wheat exports increased to 11,257,838 bushels as a month's average, 22,783,373 bushels in the preceding nine months to 14,233,013 bushels. Even the smaller nine months figure represents a 52 per cent. increase compared with the three year pre-war period, 1912-14.

Feed exports, which had shown a comparative gain of 320 per cent. in the 15 month average over the preceding war period, increased from 22,296,373 pounds to 48,211,522 pounds.

TO PROVIDE IMMENSE AIRPLANE FLEET

WASHINGTON, July 14.—Consideration of the administration's bill providing for the establishment of an immense airplane fleet at a cost of \$640,000,000 began in the house today. Chairman Dent of the military committee, in charge of the bill, hopes to dispose of the measure by tonight.

The bill has the unanimous approval of the military committee and its passage seemed assured unless Chairman Fitzgerald of the appropriations committee opposes the appropriation section.

RAILROADS TO CO-OPERATE IN CAMPAIGN OF THE FOOD ADMINISTRATION

WASHINGTON, July 14.—Railroads of the country have promised to co-operate in the campaign of the food administration and, as the first step, have agreed to place conservation posters in every station waiting room on their lines. It was announced today that the New York, New Haven & Hartford and Boston & Maine lines are among those who have pledged their assistance.

YOUNG GARDENERS MAY PEDdle PRODUCE

Special to The Sun

STATE HOUSE, Boston, July 14.—Theodore Hanson, state commissioner of weights and measures, desires to assure all of the boy and girl gardeners who have written to him that they are entirely at liberty to peddle the produce they grow without obtaining a peddler's license. During the last few days, the commissioner's mail has been full of requests for information, several of them having been received from the vicinity of Lowell, where the young gardeners are reported to be having fine success with their garden plots.

"This matter is one of importance to every citizen," Mr. Hanson said yesterday. "The main thing this year is to see to it that none of the produce grown in Massachusetts is wasted, and I wish it could be made known to every gardener, amateur or experienced, that no person can be apprehended for peddling without a license any produce grown by himself or by any member of his family. We find that many of the gardeners have planted on such a scale that they will have an excess of the produce of their families and it is highly essential that every pound of the surplus shall be disposed of to some person who will consume it."

Mr. Hanson explains also that the word "family" is interpreted to include not only distant relatives of the grower, but employees as well, so that a person may peddle produce without a license even though he is not even a husband of the grower, provided he is in his employ.

Henry B. Endicott, executive secretary of the public service commission, and who was recently appointed by Governor McCall and by Herbert C. Hoover to be food dictator in Massachusetts, is also concerned with the success of the amateur gardeners in the matter of crop distribution. Many men and women, and particularly children, he says, have planted plots of ground last spring with no knowledge whatever of the amount of crops they might expect to harvest.

He has been interpreted to include not only distant relatives of the grower, but employees as well, so that a person may peddle produce without a license even though he is not even a husband of the grower, provided he is in his employ.

Mr. Hanson explains also that the word "family" is interpreted to include not only distant relatives of the grower, but employees as well, so that a person may peddle produce without a license even though he is not even a husband of the grower, provided he is in his employ.

plumbers of Hingham and other cities have decided to stand by the government and give up the proposition presented by the Boston plumbers by which it was asked that the workmen be paid the same wages as in Boston.

Plumbers at camp are receiving \$6.50 a day and time and a half for overtime, while the plumbers in Boston are receiving double time for all extra work.

On account of the increase in traffic between Lowell and Ayer, within a few days the car service will be doubled, cars to run every half-hour. The road is looking for a big increase in business during the time the camp is being put in condition.

PATRICK O'BRIEN DEAD

DUBLIN, July 14.—Patrick O'Brien, who had represented Kilkenny in the house of commons since 1855, died in a private hospital here yesterday. He was a nationalist and whip to the Irish party.

GARDEN SCHOOLS INSPECTED BY SPECIALIST OF COUNTY FARM BUREAU

R. M. Upton, garden specialist of the Middlesex county farm bureau, came to Lowell yesterday for the purpose of inspecting the children's gardens, and on his trip around the various places he was accompanied by Miss Alice T. Lee, supervisor of kindergartens. Mr. Upton declared himself enthusiastic with what he saw, and he said he was glad to see that the city has made a worthy response to the call for food production.

For the interest of adult gardeners in the city, Mr. Upton gave out the following suggestions:

String beans, cabbage, cauliflower, kale, coll, celery, beets and lettuce can all be planted to least as late as the last week in July; turnips up to Aug. 20, and spinach and radishes as late as September.

To have success, avoid hilling over with 10 inches when hoeing any vegetable; thin plants properly; keep garden cultivated and free of weeds; water only after long dry spells and then soak to a depth of six inches; more frequent watering is unnecessary when garden is properly cultivated.

Put late cabbage in among vegetables which will be fully matured by the first part of August; distance, two and three feet. For example, early beet rows and heading lettuce plants, then early cabbages, and so on.

Tomatoes on posts or lattice work can be pruned to one, two or three stems by pinching off branches not needed. These come at the points where leaves and main stem join. Pinch off top when plants are four to five feet high.

Potatoes should not be hilled further after blossoms have matured for then the tubers begin to set. In the vegetable garden, potatoes, tomatoes, squash, beans, corn, etc., will not grow well, much with manure slightly covered with earth or water plants with liquid manure or nitrate of soda.

THE REGULAR ARMY

The regular meeting of Lowell lodge, Knights of Pythias, was held Thursday night, P. M. Major W. Wright presiding. There was a large attendance and considerable business was transacted. Visiting brothers were present and addressed the members.

SOCIAL AND FRATERNAL

The regular meeting of Mary E. Smith tent, No. 23, Daughters of Veterans, was held last night. President, Mrs. J. E. Smith, presided. There was a large attendance and considerable business was transacted. Visiting members were present and addressed the members.

INFANTILE PARALYSIS

Another case of infantile paralysis, the second in two weeks, was reported at the office of Dr. B. H. Pillsbury. The child affected by the disease is Mary Sousa, 19 months old, daughter of Manuel and Mary Sousa of 29 Union street.

CITIZENS LOYALTY LEAGUE HAS BEEN FORMED TO DRIVE OUT MEMBERS OF I.W.O.

GLOBE, Ariz., July 14.—A citizens' loyalty league has been formed in Miami, a mining town near here, for the purpose of driving out Industrial Workers of the World. The league of citizens were ready to proceed from here to Miami to preserve order in case of an outbreak.

400 MEN NEEDED TO SUPPLY MASSACHUSETTS QUOTA FOR REGULAR ARMY

BOSTON, July 14.—Col. Frank H. McCoy, local recruiting officer, said today that he was confident that the Massachusetts quota of 500 men for the regular army would be enlisted by the middle of next week. He said about 400 more men were needed.

PLUMBERS WON'T STRIKE

There will be no strike of plumbers at the army camp in Ayer, for the

GOETHAL'S PLAN TO BEAT U-BOAT

WASHINGTON, July 14.—Major General Goethals, manager of the shipbuilding board's emergency fleet corporation, took full charge of the government's shipbuilding program yesterday and announced sweeping plans for constructing the great merchant fleet with which the United States hopes to defeat the German submarine campaign.

The most important steps contemplated by General Goethals are these: Immediate construction of two government-owned shipbuilding plants for building 400 fabricated steel ships of 2,500-ton tonnage.

Commandeering of 1,600,000 tons of shipping now building for private account in American yards.

Request for another great appropriation for shipbuilding.

General Goethals' announcement was made in a letter to Chairman Denham yesterday, under powers just granted by President Wilson, would start in its building program Monday by offering contracts for construction of the two government ship plants and by outlining to shipbuilders the plan for commandeering vessels under construction.

The fleet corporation, Gen. Goethals announced, will continue to let all contracts for wooden ships of a design approved by the corporation's architect, for which bids can be obtained by responsible shipbuilders. Additional contracts for both fabricated steel and wooden vessels, Gen. Goethals says, will require more money than congress has authorized.

Goethals' Letter

Gen. Goethals' letter to Chairman Denham follows:

"The emergency fleet president has authorized the emergency fleet corporation to exercise the powers granted by congress to build and commandeer ships, I intend on Monday, to start construction which will complete my shipbuilding program. My full program is as follows:

Construction of 345 wooden ships have been let, or agreed upon, with a total tonnage of 2,130,000 tons. A cost, completed, of approximately \$174,000,000.

In addition I have under negotiation contracts for about 100 wooden ships.

Contracts for 77 steel ships have been let or agreed upon, with a total tonnage of 1,100,000 tons. A cost, completed, of approximately \$101,660,336.

There are thus provided 425 ships of 3,230,000 tons, at a cost of approximately \$275,660,336, besides 100 more wooden ships (design approved by the architect of the fleet corporation) which I can secure from responsible bidders.

Construction of standardized ships:

"My main reliance for getting the greatest amount of the most serviceable ships, at the lowest cost, will be on the construction of fabricated steel ships of standard pattern. For that purpose I shall, to some extent, use the existing yards."

"On Monday I shall offer contracts for the building of two plants to be owned by the government for the construction of fabricated steel ships, to produce 400 ships of an aggregate tonnage capacity of 2,500 tons. For the building of these two yards and the construction of ships in them, I shall offer, as compensation, the use of approximately 6 per cent of the total cost of the work, with savings for savings in cost and for speed in delivery."

"Provisions will be made for decreasing the fee of private yards. The government will give the government the benefit of government-fixed commodity prices and will provide for cessation of the work at any time, so that the appropriation may not be exceeded. Options will be given to the contractors to purchase the plants at arbitrated values on the completion of the work."

Everything Ready

"The design of the ship is ready, the plans of the yards are ready; the distribution of the work of furnishing the material and of fabrication is arranged."

"This part of the program will take about the \$50,000,000 and not all of the \$50,000,000 made or making as stated at the beginning of this letter. The program will more than redeem my estimates to the congressional committee at the time this appropriation was asked for within 18 months."

"The additional contracts for wood ships which I expect to place, together with the full number of fabricated steel ships which it is planned to build, will require more money than congress has authorized. When I know how much will be needed, it will be necessary to ask congress for further sums."

3.—Commandeering of ships in yards:

"On Monday I shall deliver to shipbuilders a general statement of the program which I have long been maturing for commandeering ships under construction for private account (said ships having an aggregate tonnage considerably in excess of 1,500,000 tons).

"The essence of this program is to commandeering all such ships and expedite their construction by adding the greatest efficiency. As fast as the berths are cleared each yard will be devoted to the production of a single type of tonnage for which the best outfit I count upon the complete cooperation of the yards."

"This program is made comprehensive because expedition cannot be attained in a yard engaged partly on rush work and partly on pre-war-time schedules. My investigation has satisfied me, the citizens of the United States and of our allies will pay the

cost of expediting ships now building for them, and take them off our hands. If this policy is adopted, it will conserve our fund.

To Take Neutral Ships

"I agree that it is essential for the shipping board to requisition at once the neutral ships which are constructed and ready to sail. I have no data to make an estimate as to how many of these ships there are or how much money will be required for the purchase. I shall, therefore, put my program to the extent of \$50,000,000. Please notify me at once whether this is enough."

"Each day's delay in summer—in commandeering or contracting—means two days' loss of time in throwing the work into the winter months. It is for that reason I am urgent that the program start on Monday."

FRANCE CELEBRATES ITS NATIONAL FETE

PARIS, July 14.—France today celebrated its national fete with fervor and quiet joy unknown in many years. The Russian revolution has made the meaning of the great epoch, which dawned in America in 1776, culminated in France in 1789 in a great revolution whose spirit after over a century is about to have its full fruition in the destruction of the last bastille of absolutism by the forces of allied democracy.

"It is a pity," says Paul Deschanel, president of the chamber of deputies in a message to the Journal, "that the Germans cannot see our normal fate, they who believe us to be starving and at the end of our resources."

"In the month of April, notwithstanding magnificent results we did not realize our hopes. Since then a noble leader who has had nothing but success in this war, a great infantryman, a wise, upright and clear mind has been put at the head of our allies. Already the Russians are fulfilling their pledges and here are the Americans bringing us their powerful support not only in money, airplanes and ships, but in men and guns."

In the details of the day's celebration, a white-bearded sergeant wearing a medal of 1870 and the war cross with several stars and palms. His name is Le Meunier. He is a hero of the 10th infantry in 1914. He was a white-bearded sergeant in 1870 and the war cross with several stars and palms. His name is Le Meunier. He is a hero of the 10th infantry in 1914.

fight for his country. Returning to America after the war, he went to Los Angeles where he made his fortune. He heard the call of duty again in 1914 and left for France with his wife and four daughters. Notwithstanding his 64 years, he enlisted, has fought for three years and has been wounded. He was promoted to the rank of sergeant and is understood to be the oldest man in the ranks of the French army.

DON'T BELIEVE IN SIGNS

A car came into Merrimack square late yesterday afternoon. With a sign marked Lakeview and several young men in the car. The car was driven by a man named J. O. O'Brien, who is a distance from Lakeview, the conductor announced: "This is as far as the car goes." Two young men wanted to go to Lakeview remonstrated, and one said that they took the car because it bore a "Lakeview" sign, but their protest like others, made no effect. The poor service here was of no avail, and they got out and walked the remainder of the distance, while the conductor gave two hours and 14 minutes with the crew smiling from ear to ear, returned to Lowell. But cheer up, the worst is yet to come.

ACCOMPANIED COMMODORE PERRY ON HIS EXPEDITION TO JAPAN IN 1853

LYNN, July 14.—Stephen E. Knights, said to have been the last survivor of the crew which accompanied Commodore Matthew C. Perry on his expedition to Japan in 1853, died at his home here yesterday. He was 83 years of age. Knights, who was a native of Windham, N. H., went to sea on a whaler at the age of 15 years and later enlisted in the navy, where he served on the Vandalia of Perry's fleet.

GETS \$300,000 GIFT FOR \$10 AND LOVE FROM HER FATHER, J. OGDEN ARMOUR

Miss Armour has received from her father, J. O. O'Brien, a gift of land valued at \$300,000, in return for "10 and natural love and affection." This will assure Miss Armour at least \$15,000 a year income.

THE FRENCH FOURTH OF JULY

On July 4, 1776, a handful of American colonists declared themselves free and independent and prepared to fight to make their words good. They finally achieved their liberty—thanks to the help of French troops and French naval vessels.

The shots fired in that war for freedom were heard around the world. Everywhere men were set thinking. Everywhere men wondered whether kings really ruled by divine right.

The fruit of that thought was made visible to all the world when on July 14, 1789, the French people stormed, captured and tore down the Bastille, the hideous prison fortress into which those who made themselves obnoxious to the king, were thrown for long months and even years of captivity.

The Bastille represented to the French a tyranny they had long endured. Its every cell had been bathed with the tears of innocent men and women, many of whom had never emerged from its gloomy walls alive.

The work, begun then, led to the scaffold Louis XVI of the proud house whose arrogant saying was: "The state? I am the state."

The revolution set in motion by the fall of the Bastille set the whole world by the ears. Its echoes were heard for decades. Out of it came the fearful "reign of terror," the wonderful epoch of Napoleon, the restoration of the little kings, the fall of Napoleon III in 1870, when France, too, seemed to have fallen.

But after the German conquerors had taken their toll of French indemnity money, the wheel of the revolution had come full circle, the work was ended, and the real republic was at last established with its great motto of "Liberty, Equality, Fraternity."

Today is France's Fourth of July. Having just celebrated our own independence day, what more fitting than that we Americans give honor to French liberty?

The American observance of this day is a touching evidence of the friendship existing between the two great sister republics now fighting side by side for world freedom.

At the present hour the light of victory dawns over the hills of France. After three years of heroic struggle she is beating back the Huns and now, side by side with the glorious tricolor, is that other standard of the free—the Stars and Stripes. The war may drag out for a few months or even for a year, but the German cause is already lost and France, glorious France, is saved and with her civilization and world freedom will be made secure.

AIRPLANES MAY DECIDE WAR

The ups and downs of the submarine toll matters little. The fact that it is still there and doing terrific damage to life and property is the problem to be solved. It seems that none of those wonderful methods of stopping the submarines announced with great confidence from Washington some months ago has yet been put into effect.

It is plain that while the submarines cannot starve England they can do enormous damage not only to England but to America, France and all the other Allies. We have no doubt that they will be defeated in the long run, and yet not by present methods. They must be caught nearer their base. It is plain they have to pass in and out by relays for supplies. They should be headed off here rather than seek them from the Aegean sea as the coast of Norway to the mid Atlantic.

Germany calculates on having most of England's merchant marine destroyed before we get into the fight. That is why we should speed up the devices for putting an end to the submarine menace. It is rather a reflection upon our boasted inventive genius that we have not already produced some plan by which to put the submarines out of commission.

Just at present there seems to be a tendency on the part of Germany to transfer her entire hopes of victory to the airplanes. On that score, too, she must be met and defeated with all possible haste. In this campaign, America will do her full duty and do it without unnecessary delay. The airplane and not the submarine will decide the war if Germany continues to fight much longer.

FIXING THE DRAFT QUOTA

Congressman Rogers is leaving no stone unturned in his effort to have the draft made upon the basis of the eligibles as indicated by the total number registered. That is as it should be made and not on the basis of total population.

The congressman as usual has gone to the bottom of the subject, showing the injustice of the present arrangement in a most forcible manner.

Indeed, he makes such a strong case that we do not see how it can be ignored inasmuch as to carry out the draft, as proposed, would be a most glaring injustice.

Under the draft on total population, the number claimed from Lowell would be 394 more than it should be; as compared with a city having no aliens; from Lawrence, 493; New Bedford, 432; Fall River, 373; Boston, 288; New York, 273. These figures show the percentage of aliens in the population of the cities mentioned and these aliens being counted

as part of the population in each case will increase the draft quota by the percentage which they form of the entire population.

The vigilant congressman has made a strong plea for the change and he has shown to what extent it would work injustice in so many places all over the country that it is quite probable that the change may be made.

THE CLARE ELECTION

If the election of East Clare, in Ireland, be taken at its face value, the Sinn Fein or revolutionary sentiment is in control at least in that district. The Nationalist party did not attempt to make a vigorous fight. They did not have the money to spend. On the other hand, it is alleged that large amounts from America were spent by the Sinn Feiners. If this triumph of the Sinn Fein party means another uprising in Ireland, then not only will home rule be lost, but most of the reforms won by Mr. Redmond and the Irish party during the last thirty years will be swept away.

The Clare election does not reflect the intelligence or spirit of National Ireland.

RESOURCES OF THE SOUTH

In this war the south will cut considerably a figure as a source of supplies. The south produces by far the greater part of the sulphur output of the United States which is so essential in the manufacture of explosives. In lumber, petroleum, coal, iron, lead and manganese the south is a rich source of supply. In its large cotton crop together with its supply of fruit and feed stuff, the south is also an important part of this republic in time of war. Much of our success in making the country not only self-sustaining but able to supply the nations fighting with us in the war, will depend upon the utilization of the vast resources of the south.

Our alien enemies of German origin and their paid agents who are using this country as a base of operations to promote rebellion in various British colonies including Ireland, should be interned until after the war.

The Kaiser is bent on annexations after the war. His dream of world empire, however, is shrinking to include only the countries that have been fighting for Germany. He may be pushed aside at any time.

The government at Washington has planned a measure to stop trading with the enemy but as usual there is opposition as there will be to anything calculated to hurt Germany.

Perhaps it is still pertinent to remind campers that the typhoid danger often lurks in the sparkling streams that wind among the sylvan dells where summer camps are strewn.

Turkey has started to deport the Greeks. This war will have been in vain unless Turkey be driven from Europe.

We shall soon have the open season for German spies and pro-German shouters.

SEEN AND HEARD

Most people would succeed in small things were not troubled with great ambitions.

Effect of Privilege
Senator Sutherland of Utah was talking about certain "privileged" persons.

"I'm a foe to all 'privilege,' he said. 'Privilege means trouble. It's like the scumboat captain who had the bar privilege.'

"This captain, to whom all the profits went, shouted through his telephone to the engineer:

"For heaven's sake, Mike, slow her down. We got 'em drinkin' fine."

—Pittsburg Chronicle-Telegraph.

Throwing Things
Job Thornley has got to get over the practice of throwing things. The other day in New York he caused no end of excitement by throwing a gilded ash can from the upper window of his home in West 135th street, throwing the janitor down two flights of stairs and throwing an all-around gain at which alarmed the entire negro population of the street.

"What have you to say to this charge," he was asked by the magistrate in the Harlem court.

"Jus' dis," explained Job, with the expression of a martyr, "fo' all I care

you can throw a whole case out of court."

His Small Share
"In spite of numerous admonitions to do so, I did not give to the Red Cross," confessed the Old Godee. "I saw our boys drilling with wooden guns, and I picked out one gangling, lop-eared country lad, and watched him day by day. He'd hop, he'd hop, this way and that, not wholly understanding what was wanted of him and not much of what it all meant, but doing his uttermost to make good and getting straighter and more soldierly every day."

"I think to myself that that lopped boy was doing that for me, a rotten downy old swab who couldn't do it for himself, doing it that I might doddle along to the end in safety and comfort. And I says to myself that all I can do for him is to enlist my old wallet, so that when he charges into the jaws of hell, my few dollars may be there to help mend him. And so I did give him a bill, but I gave because I felt good to give, and because it hurt not to."

—Kansas City Star.

"Here Passed the Hun"

"Here Passed the Hun" is the inscription certain Frenchmen propose to set on Rheims cathedral, but it is that quite fair to Attila—Western Empire.

Of course, that was "with sarcasm," as Artemus Ward used to say; and indeed, it is doubtful if the fifth century barbarian would not have recoiled with indignation at some of the fabled devices of his "cultured" but degenerate successors. Yet Attila, king of the Huns, was "no slouch" in the matters of ruthless invasion, the destruction of lives and property.

When the "Scourge of God," so called, left the banks of the Theiss, in Hungary, and came to the purpose of conquering the Western Empire of Rome, he was actuated by no higher humanitarian sentiments than those that have caused William Hohenzollern II to disrupt the world's peace relations to gratify his own insane ambition and inordinate self-conceit.

History tells us that more than half a million Huns, their subjects and allies, marched through Austria, Bavaria and Alamannia (now southwestern Germany) to the Rhine, where they annihilated the royal house of Burgundy in Worms, destroyed the Roman towns and carried off the women and children into Gaul (France) as they are doing today. But the valiant Attila, with an army composed of Romans, West Goths and Huns, stopped Attila's victorious course on the Catalaunian plains (Châlons on the Marne), where 165,000 dead bodies, among them that of Theodoric, the brave king of the West Goths, attested the fury of the battle.

Attila then retreated into Hungary (Pannonia) with the intention of invading Italy in the following year. Aquileia was destroyed; Milan, Pavia, Verona and Padua were taken by storm, and the fertile banks of the Po turned into a desert. The unfortunate inhabitants of Aquileia sought refuge on the rocks and sand dunes of the lagoons, and thus laid the foundation of Venice.

Attila was already on his march toward Rome, when he was induced by the Roman bishop, Leo I, to conclude a peace with Valentinian and to retreat. Attila's sudden death, either by hemorrhage or the vengeance of his Burgundian bride, checked the progress of the Hunnish empire.

Attila certainly was a "bad lot," but it must be borne in mind that he did not live in "a civilized age"—such as ours.—J. T. in Somerville Press.

Just To Be Glad

Oh, heart of mine, we shouldn't worry so!
What we have missed of calm, we could have had, you see, if we had.
What we have met of stormy pain, and of sorrow's driving rain,
We can better meet again,
If they blow.

We have erred in that dark hour, we have known;
When the heart felt with the showers, all alone,
Were not shine and shadow blent
As the glorious March wind?
Let us gather our content
With His own.

For we know not every morrow can be said;
So, forgetting all the sorrow we have had,
Let us bid away our fears
And put by our foolish tears,
And through all the coming years,
Just be glad.

—James Whitcomb Riley.

COAST-TO-COAST TOUR OF THE FAMOUS 20-MULE BORAX TEAM

The celebrated 20-mule borax team from Death Valley will parade here Wednesday. It is on its coast to coast tour. The tour will cover a period of about four years and this city is one of the important stops.

The borax wagons each weigh 3000 pounds and have a capacity of 30,000 pounds. The front wheels are six and the rear wheels eight feet high. The hubs are eighteen inches in diameter, the tires eight inches wide and one inch thick, and the wagons are sixteen feet long, fourteen high, four feet wide and six feet deep. Twenty mules are driven with a "Jerk-Line." At one time the transporting of borax was done almost entirely with twenty mule teams but the building of railroads eliminated these mammoth teams. As there are few teams left in existence today, the public parade here and lecture, together with distribution of samples of borax and soap chips, will make a most interesting "Borax Bull" the driver is regarded as the best mule driver in the west. From his youth he has driven these mammoth teams and understands the mule language. Stops during the line of march when Tarantula Pete will lecture on Death Valley, are: Middletown, 10 miles south of Central, Merrimack at 130 p. m., Merrimack opposite Palmer at 2 p. m. and later Lakeview avenue and Alken street.

MARVELLOUS FRUIT JUICE MEDICINE

"Fruit-a-lives" is Made From The Juices Of Apples, Oranges, Figs And Prunes; With Tonics.

WONDERFUL RECORD OF A WONDERFUL REMEDY

Thousands Of Sufferers In England And Canada Owe Their Recovery To "Fruit-a-lives".

"Fruit-a-lives" is now made in the United States. This will be welcome news to thousands of people who have been sending to Canada for their supply of these famous tablets, which are made from the juices of apples, oranges, figs and prunes.

So great has been the demand for "Fruit-a-lives" from all parts of the United States, that the proprietors deemed it wise to establish a branch right in this country.

Offices and fruit tablet works are in active operation at Ogdensburg, New York from which point druggists and general stores are being supplied.

"FRUIT-A-LIVES" is the only medicine in the world made from fruit juices. An English physician in Ottawa discovered a process whereby fruit juices may be combined in such a way that the natural medicinal properties of fruits are many times increased.

"Fruit-a-lives" has many times proved its value in cases of Stomach, Liver and Kidney Trouble—in Rheumatism, Headaches, and Neuralgia—in Dyspepsia and Constipation—in Nervousness, general weakness and Skin Diseases.

"Fruit-a-lives" is sold by dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-lives Limited, Ogdensburg, New York.

HIGH CLASS VAUDEVILLE PRESENTED AT CANOBIE LAKE PARK THIS EVENING

Tonight affords the last opportunity for theatregoers to witness this week's high class vaudeville performance at Canobie Lake park. The feature of the bill is Ad. Hoyt's Merry Minstrels. This act includes some excellent singers, dancers and entertainers. Ad. Hoyt and Dan Haley, the two ends, have been seen in this city on various occasions and are a decided hit as blackface comedians.

Tomorrow in the theatre from 3 to 5 p. m. the Lawrence Brass band, under the leadership of Reinhardt Meyer, will render the following program:

March, Trump, Trump R. Meyer
Popular Numbers:
a—Poor Butterfly Hubbs
b—Throw Me a Rose Kaitan
c—Blossoms in the Wind Overture, The Bronze Horse Aubert
Popular Medley, Sky High Taylor
Idyll, The Glad Girl Lampe
Carnet Quartet, The Lost Chord Sullivan

Mr. J. Seuss, Mr. T. Dalton, Mr. B. Hart, Mr. R. Wirth
Fantasia, The Evolution of Dixie, Lake Synopses, The Creation of the World, The Dance Aborigine and the "Minuet"; the melody is developed until there emerges the immortal "Dixie," this in turn becomes an angelical "Waltz" then "Ragtime" and at last "Grand Opera."

Popular Remick Hits:
a—If You Ever get Lonely Marshall
b—She's in the Time Tierney
c—Somewhere on Broadway, Carrol
Fantasia, Hungarian Tobani
Dream Picture, Uncle Tom's Cabin.

Synopsis—Uncle Tom is drowning before the log fire, in his cabin where there pass before him familiar scenes of the "Old South" and finally a vision of the "Emancipation."

On Monday, a new policy will be adopted in the theatre and feature moving pictures of famous plays by famous players will be shown. The program will be changed twice a week, Monday and Thursday.

GLARING HEADLIGHTS

Last Sunday the police department investigated the results of glaring headlights on the boulevard. Motorists should co-operate to a greater extent with the authorities, thereby furthering the movement to prevent the terrible accidents caused by auto owners who do not comply with the headlight law by dimming the glare from their machines. Many simple devices may be put on the lights, or various good makes of lenses may be purchased and attached. Help the local police and state authorities. By helping them you will help yourself.

WHAT WOMEN'S TEMPERANCE UNION WILL DO FOR MEN AT THE AYER CAMP

BOSTON, July 14.—The war welfare work of the Massachusetts Women's Temperance Union does not include the establishment and operation of a pig factory at Ayer where part of the drafted army from New England will be trained. Mrs. Katherine L. Stevenson, president of the organization announced today. Mrs. Stevenson explained that the original plan of the union, as outlined by her in Brig. Gen. Charles E. Edwards in the department of the northeast had been misconstrued.

"We do not expect to start such a factory," she said, "nor shall we serve the thousands of men assembled there with daily and hourly delicacies, gratuitously or on a financial basis. The president of the union does not intend to spend her time in the manufacture of apple, squash, mince, lemon or any other of the 57 varieties for which New England is justly noted. The plan will not be a swagman against the German. It is left to the organization to furnish it in sufficiently large quantities to render it effective."

Mrs. Stevenson said the union will

BED BUG DESTROYER

40 MIDDLE ST.

endeavor to guard the morals of young soldiers and arrange attractive quarters where they may meet women relatives. "We hope to be at mother to the men and to that end we think an occasional slice of pie may prove a valuable aid," she said.

RED CROSS PRESIDENT THANKS THE SUN

When false charges were being made against the Red Cross this paper came out and showed them to be groundless. The following note from President Davidson of the Red Cross War Council shows keen appreciation of what The Sun said in reference to the broad and humane principles and the noble work of the Red Cross:

AMERICAN RED CROSS WAR COUNCIL

Washington, D. C., July 3, 1917. The Editor, The Sun, Lowell, Mass. Dear Sir: With Red Cross week behind us and our faces turned toward the great work ahead, one of the first things I want to do is to express to you our sincere appreciation of the assistance rendered by your paper in helping the Red Cross. I have in mind particularly an editorial in your issue of June 20th, entitled "Aid the Red Cross," which was most helpful.

Your co-operation is of very great value in the work we are trying to do.

Yours sincerely,
H. P. Davidson, Chairman,
Red Cross War Council.

WEST CHELMSFORD

A pleasing social was held at the home of Mr. and Mrs. Frank Downing in West Chelmsford last night. Games were played and solos and dances by Miss Mansur and Mrs. Edwards were enjoyed. Miss Ruth Ball of this city sang a French song and several solos were rendered by Henry Jessey. The feature of the evening was a Hawaiian dance by Miss Mansur and Mr. Downing. Refreshments were served during the evening.

SWEDEN'S BABY PRINCE HAS FIRST PICTURE TAKEN

Little Prince Carl Johann Arthur of Sweden is here shown posing for his first photograph, which has just reached this country. His mother,

the crown princess, who is holding him, was Princess Margaret of Connaught, daughter of the Duke of Cornwall, former governor general of Canada and brother of King George. The baby was born October 31, 1915, the help on that big ranch. Day after

de Lafayette

FIRST IN THE HEARTS OF AMERICANS

Gen. La Fayette's historic service to America when this country was struggling for its independence makes him the first Frenchman in the hearts of Americans and the one who, on France's own birthday, Americans will remember first. Out of his devoted and unselfish service to the cause of liberty in America has grown the bond between the two nations that has made them everlasting companions among nations.

LITTLE ORPHAN DRUDGE MEETS FAIRY PRINCE

My story is almost too good to be true. Six years ago I was a little orphan girl with nothing to recommend me but a pair of large and pathetic blue eyes, and now—well, I will tell you how it happened.

I was adopted from a Denver orphan asylum by a man who had a stock ranch, 20 miles from a railroad, on Bear creek in Northwestern Colorado. I was supposed to help his wife with the housework. There was one part of it that she hated, and that was dishwashing, so she turned the job over to me. At the age of 14 I was washing the dishes for the family and all the help on that big ranch. Day after

day there were 30 and 40 men fed. One day an important cattle man came and there was a big dinner. I was only part way through at 10 that night and my back ached. Just at that time everybody was getting ready to go to bed and the guest, Mr. Johnson, came out to the kitchen to get some soap.

"Hello, little one!" he said. "Aren't you through yet? I'll help you wash up."

I looked up at him sort of pitifully. "Shucks, gille!" he said, "don't 'voic discouraged like that. When you have a big sink full of dishes, just pretend they are fishes and you are catching them. When you come to a skillet it's a drowning man that you have to get out quickly. It's fun. I used to do it when I was a kid helping my mother do the dishes. If you look at work kind of cheerfully and playfully it goes quicker and easier and you will have more spare time to get out of doors and take care of yourself."

"Would you believe it, my life was changed from that evening. I turned my hated work into sport and I guess after three years I was the champion lightning dishwasher of the west. I managed the work so that I had spare time to ride bronchos. I felt so ashamed of having been caught looking discouraged by that fine, cheerful fellow that I made myself smile no matter what happened. Besides, I never got tired of the drowning man game and I always had fun at it."

When I was 17 Mr. Johnson came up Bear Creek again to buy some stock. He heard me singing in the kitchen and he said:

"Well, if there isn't little Miss Gloom all cheered up!" he exclaimed. "Have you been at this happy job ever since I last saw you?" I told him I had.

"Well," he said, "if you can do that and keep so cheerful, I guess you're the girl for me."

In a few days I had promised to marry him. When we told my foster parents they were as mad as could be. That shows I had been pretty useful to them. They said I had hit it off and couldn't leave. Mr. Johnson didn't care. He bought an extra horse, and when the family had gone to bed we rode by 20 miles down the valley and were met by the justice of the peace and married.—Chicago Tribune.

John W. Kelley has guarded a railway crossing, Quarry, Penn., for 24 years without an accident.

Children, victims of a German air raid, recovering from their wounds in a London hospital.

Meanwhile, Londoners continue to

Here is a typical experience of an air raid:

body was dropping heavy boxes in a room down the hall. Suddenly a crash and shiver near at hand makes everybody stop work.

"Guess it's a raid," says the stenographer, unmoved.

Out in the corridors and stairways are two leisurely moving currents of

people. Some are going downstairs to the cellars; most are climbing up to the roofs. All are joking and laughing; there is no sign of undue excitement; men are continuing to talk business as they go!

with humanity. Office boys are perched upon the chimpanzees. Girls are clustered on all flat spaces, gazing up into the dazzling sky. From the spirit seat the sightseers would think some thrilling aerial circus was being staged.

guns. Now and again for a few seconds aeroplanes, glistening like silver in the sun, are visible maneuvering in the clouds. They disappear. The bomb roar ceases. The guns are silent. The show is over.

The sightseers on the roofs go back to their breakfasts, the women and

to work. They didn't have enough babies have been killed. They feel a burning hate for the men responsible. But, as innocent spectators themselves, they cannot help hoping that if there is another raid they'll have a better view of the aerial performances. It is so tremendously thrilling and novel.

The horror of the bombs which killed
and legs blown off, school children
crushed under falling timbers—the
things they don't know of until, next
day, unless they were right near the
spot where the bombs fell. But be-
cause of these things their resolve
grows more grim: that there
must be a change.

do not even hope to do so but are trusting that the British admiralty will deal more generously with them than would the American export board. In this officials here believe they will find themselves mistaken.

ter.

The mid-summer social and dance party of the Broadway baseball club was held last night at the Pawtucket boathouse. The large attendance of people of the younger set, evidenced the popularity of the members of the club. Music for dancing was furnished by the club's band.

The officers were John Madden, floor director; Cornelius Desmond, assistant floor director; Timothy F. O'Sullivan, general manager and Peter F. Brennan, treasurer. Assisting those were men-

ber of the general committee, including Thomas E. Smith, Eli Turgeon, Thomas Shesroe and John McCaffrey.

H. M. S. ...

ITALIAN MISSION BACK HOME LAUDS AMERICA

ROME, July 13.—The Italian press publishes interesting interviews with members of the Italian mission to the United States who have just returned. All the members of the mission are enthusiastic over the splendid reception given them, saying that the friendship shown Italy, if it did not surpass, certainly equalled that shown France and Great Britain. President Wilson and other leading Americans, the members say, showed that they understood that Italy, like the United States, might have kept out of the war, but entered it for humanitarian ideals and not for territorial conquests. Although Italy had no colonies, the mission members felt that the United States, which had a large empire, should be divided judiciously between military and supply requirements.

LOOKING FOR WORK AND GOT ARRESTED

Raymond Haynes, 16, of Salem, and Samuel Schoneck, 16, of Peabody, who left their homes during the early part of the week were found standing at the Middlesex street station about five o'clock yesterday afternoon by Policeman Dooley and sent to the police station and after being questioned were put aboard a car for Salem.

According to the story told the police, Haynes was getting \$1.25 a day as a farm hand at Salem and Schoneck was making but small wages in a shoe shop. Hearing that good wages were being paid at the army camp in Ayer they made their way to that place but were unable to secure work and left on a freight train for their homes yesterday morning and upon arriving in this city were unable to go any farther.

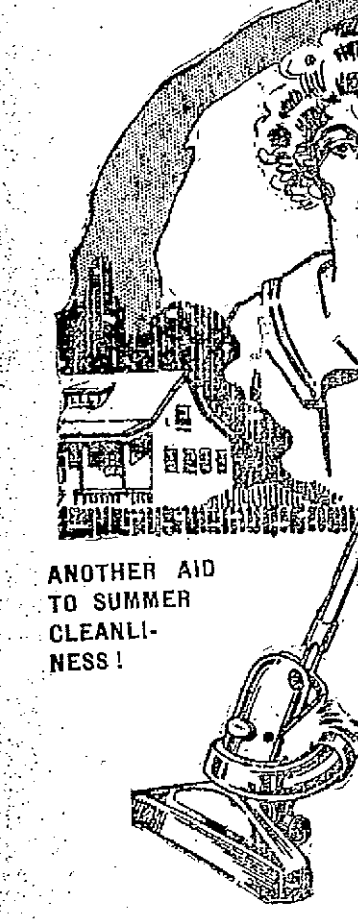

MISS BIBEALT WINS IN BEAUTY CONTEST

Miss Anna Bibeault of 133 B street was selected the winner of the Miss Lowell Beauty contest which was held at the Casino last evening. The second prize was awarded to Miss Bente Dupree of First street and the third prize to Miss Sadie Melancon of Chelmsford street. To Miss Bibeault went the distinction of being, in the opinion of the judges, Lowell's fairest damsel, a handsome diamond ring which she accepted in preference to the loving cup. Miss Dupree received a beautiful wrist watch and Miss Melancon a loving cup. The affair which was so largely attended that it taxed the Casino to its capacity was opened with a well considered concert by Broderick's orchestra. Dancing was the order of the evening until about 10 o'clock, when that part of the entertainment which every one looked forward to was commenced. The announcement by Edward F. Quinn who was in charge of the affair, that the contest would then start caused everyone to strive to gain points of

EAGLES, NOTICE

The next regular meeting of Lowell Aerle will be held Tuesday evening, July 17, at 7.45, at Eagles hall.

Per order,
CORNELIUS T. O'KEEFE, W. Pres.
THOS. A. MULLIGAN, Acting Sec.

It's the clean way to houseclean. And you may be sure that your house is clean to stay clean when the cleaning is done the Electric Vacuum Cleaner Way.

Brooms and dustpans are more than useless and unsanitary. They are dangerously unhealthful with the millions upon millions of harmful germs they stir into activity.

Phone 821 and our representative will call and demonstrate one at your home. Sold on easy terms.

THE LOWELL ELECTRIC LIGHT CORP.
29-31, Market Street.

vantage to witness the unique contest. The rule that only those could compete who had submitted their names prior to the beginning of the contest was suspended, so that any of the ladies present might have an opportunity to enter. It was a happy change for the amusement brought forth a hearty response from many who were eager to enter.

The contestants then paraded up and down the floor in full view of all, while the judges, three in number, were stationed in different points of the hall. The contest was so close, however, that a choice could not be decided upon by the judges so all stood at attention in front of the stage and when the judges arrived at a decision, upon the announcement of the decision of the judges Mayor O'Donnell awarded the prizes. From the applause which followed the awarding of the prizes it was very evident that the winners are popular young ladies and that the audience was in accord with the selections of the judges.

Two of the winners were A. Z. Sackley, A. Cunningham, local photographers, and Robert R. Thome. Dancing was then resumed and continued until midnight. Thus ended, and most successfully too, the beauty contest. This will be followed up by the "All Star" show next Friday night which will have many original and delightful features; and on Friday of the week following will be given "Banner night" which doubtlessly will also be most enjoyable.

DESIGN FROM DRAFT BOARD CONCORD, N. H., July 14.—Edward S. Young has resigned from the Stratford county draft exemption board, and Arthur G. Whittemore of Dover, former railroad commissioner, and Charles E. Holt of Durham have been chosen for the vacancies.

NATIONAL CONVENTION OF BENEVOLENT AND PROTECTIVE ORDER OF ELKS CLOSED TODAY

BOSTON, July 14.—The national convention of the Benevolent and Protective Order of Elks closed today. Many of the delegates left for their homes, those who remained for the day being escorted on an automobile trip to Gloucester and other points on the north shore.

AMERICAN AMBULANCE AT NEU-ILLY WILL BE TURNED OVER TO AMERICAN ARMY

PARIS, July 14.—The American ambulance at Neuilly, just outside of Paris, will be formally turned over to the American army and the Red Cross next week in the presence of Gen. Pershing and Justin Godart, under-secretary of the hospital service, says the Paris Herald. The ambulance committee will be represented by an officer of the American army, but the staff of surgeons and nurses will remain, if they choose to offer their services to the French government. The work of caring for the French wounded just as it has since the outbreak of the war, only under a new name and management.

DEATHS

ST. ONGE.—Joseph Raymond, aged 3 months and 7 days, died today at the home of the parents, Mr. and Mrs. J. B. St. Onge, 781 Lakeview avenue.

LEITH.—Edna Margaret Leith, aged 1 year and 8 days, the only child of J. Edward and Margaret J. (Pitt) Leith, formerly of Lowell, died last night at the home of her parents, 42 Crown street, Nashua, N. H., after a short illness.

VARNEY.—Mrs. Mabel D. Varney, wife of the late Edward S. Varney, died yesterday at her home, 67 A street, aged 45 years, 11 months and 22 days. She is survived by two children, Sidney C. and Ernest S. Varney, one sister, Mrs. Hector Turnbull of this city, and one brother, Walter H. Chase, of Medford.

JONES.—Mr. Richard F. Jones, aged 12 years, passed away Thursday, June 23, at Steuben sanitarium, Hornell, N. Y., of bright's disease. Mr. Jones leaves to mourn his loss, a wife, who was formerly Miss Alice Turner of Haverhill, Mass., and two children, Cyrus S. and Harvey of Jamestown, N. Y. The funeral took place from the home of his brother, Harvey Jones, and

ANOTHER AID TO SUMMER CLEANLINESS!

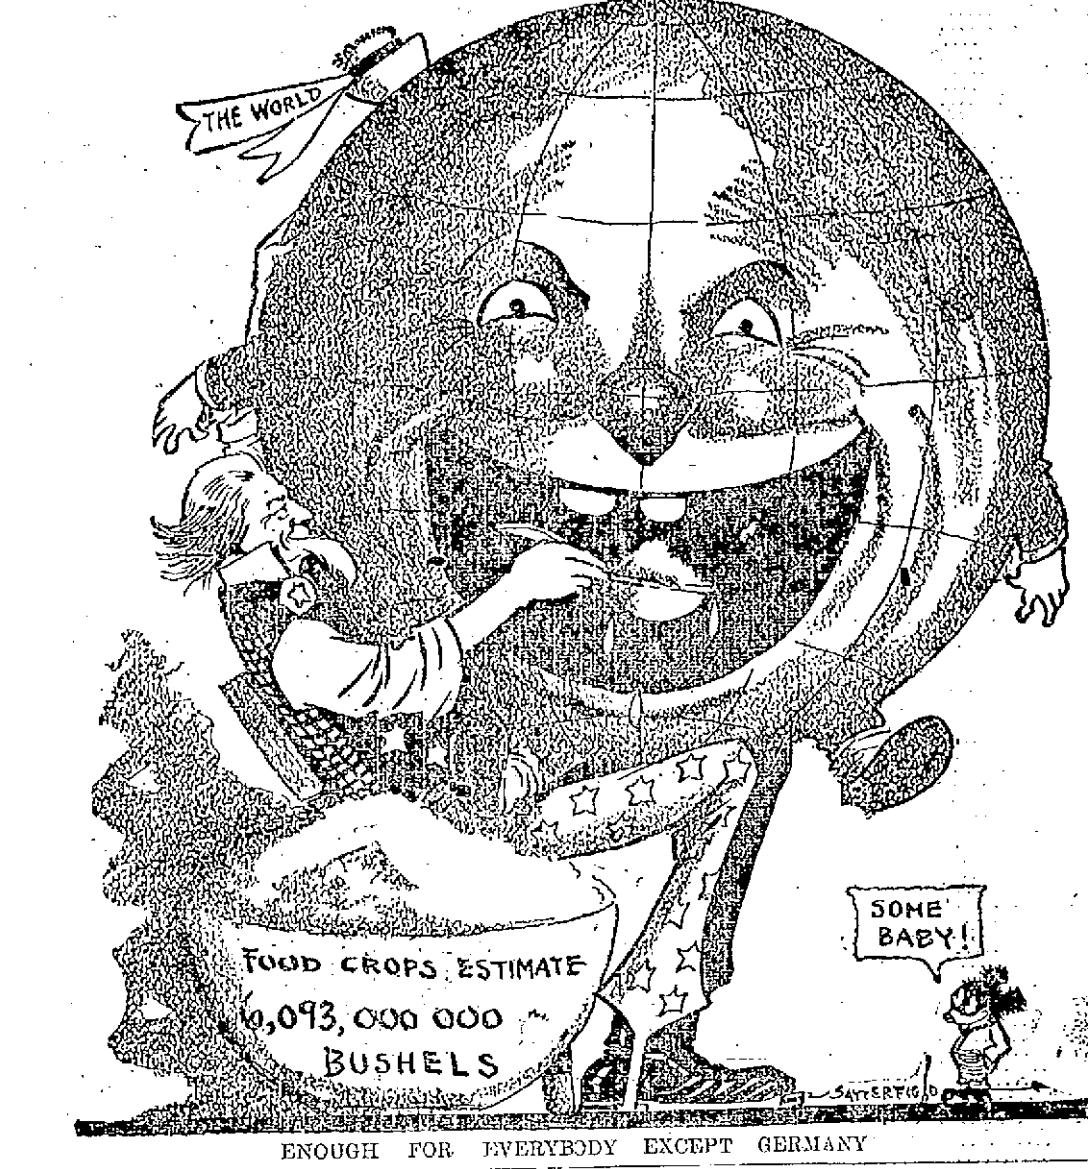

ROYAL Vacuum Cleaner

Now, for about the same cost as for one electric light, you can conserve your own and your family's health and you can lengthen the life and prolong the good looks of your rugs, carpets, draperies, furniture, bedding, etc., with a modern Electric Vacuum Cleaner.

Isn't it certainly a sensible investment in better health and greater peace of mind? Just a few minutes a day with the Electric Vacuum Cleaner and, "cleansing and dusting," you used to devote a whole day to are finished.

Phone 821 and our representative will call and demonstrate one at your home. Sold on easy terms.

29-31, Market Street.

ENOUGH FOR EVERYBODY EXCEPT GERMANY

food controller. His method of procedure is to state that he is attempting to solicit subscriptions for the "Housekeepers Magazine," which is supposed to be published under government supervision and which tells housewives how they may co-operate with the government in the present campaign for food conservation. As far as can be learned, no such magazine is published, and the young man is not authorized to represent any department of the government. Such swindlers as the one who worked in Boston recently and have collected a considerable amount of money from unsuspecting housekeepers.

FUNERAL NOTICES

DUGAN.—The funeral of Charles A. Dugan will take place Monday morning at 8 o'clock from the home, 277 High street. A funeral mass will be sung at the Immaculate Conception church at 9 o'clock. Burial will be in St. Patrick's cemetery. Undertakers James F. O'Donnell and Sons.

LOOMIS.—The funeral of John J. Loomis will take place Monday morning at 8 o'clock from the home of his mother, rear of 228 Lakeview avenue. Funeral mass of requiem will be sung at St. Michael's church at 9 o'clock. Burial will be in St. Patrick's cemetery. Funeral in charge of Undertakers C. H. Molloy and Sons.

LEWIS.—Died in Nashua, N. H., July 13, at the home of her parents, Mr. and Mrs. J. Edward Leith, 41-2 Crown street, Edna Margaret Leith, aged 1 year and 8 days, the only child of J. Edward and Margaret J. (Pitt) Leith, formerly of Lowell, died last night at the home of her parents, 42 Crown street, Nashua, N. H., after a short illness.

VARNEY.—Died July 13th, in this city, Mrs. Mabel D. Varney, aged 45 years, 11 months and 22 days, at her home, 67 A street. Funeral services will be held at her late residence, 67 A street, Sunday afternoon at 2.30 o'clock. Friends desiring to attend further notice. Burial private. The funeral arrangements are in charge of Undertaker George W. Henley.

FUNERALS

DAVISON.—The funeral services of Frank L. Davison, Jr., took place at the home of his parents, 24 Elm street, North Billerica, yesterday afternoon. Rev. C. P. Lester, pastor of the Baptist church of North Billerica, officiated. The bearers were Messrs. Russell and Parley Davison. Burial was in the family lot in the Corner cemetery. The funeral services were conducted by Rev. Mr. Fisher. The funeral was under the direction of Undertakers Young & Blake.

SAVARD.—The funeral of Mrs. Azelle Savard took place this morning from the home, 130 Hall street. A funeral mass was celebrated at St. Jean Baptiste church at 9 o'clock by Rev. Charles Denizey. The bearers were Joseph Turner, Ovide Lessard, Louis Giguere, C. E. Charbonneau, Louis Lefebvre and James Crochere. St. Jean's society was represented by Mesdames A. Demers, P. Giguere, J. Chaurand and L. Tremblay. Burial was in the corner cemetery. The funeral was under the direction of Undertakers Joseph Alport and Sons.

IN MEMORIAM

In loving memory of William Joseph Kerr, who has passed since he left us in sorrow. And sad was the shock we received on that day. But some time we'll meet and join him forever. In the home of our Saviour who called him away.

Sadly and sorrowfully missed by his loving father and mother, Mr. and Mrs. William Kerr and sister Ella.

MASS NOTICE

An anniversary high mass will be celebrated in the Immaculate Conception church Monday, July 16th, at 8 o'clock for the repose of the soul of Francis Leo Monahan.

SUN BREVITIES

Best Printing, Tobin's, 4380, Bldg. Helen Duff and Mary McGlynn of 11 Mill street will spend the month of July at Salisbury beach.

"Time to Save" Interest begins Saturday, July 14th. City Institution for Savings. See page 1, column 2.

Mrs. Mary King of Marlborough is visiting at the home of Mrs. Mary Dorsey, 60 West Fourth street, for two weeks.

Lowell housekeepers are warned to be on the lookout for a naive young man who will call and endeavor to persuade the good women of Lowell that he is a representative of Mr. Hoover.

The members of the hose finishing crew of the Lawrence Mfg. Co. took a special car to Revere at 1.15, and the looping room of the same company took another for the same objective. Eva Richards had charge of the first delegation, and Earnest Bligh of the second. Both will return at 2.15 this evening.

James Roddy had charge of an outing of the employees of the cloth room of the Appleton mills. The Appleton people also went to Revere. They will return at 3.30.

One of the early departures was 219 Hildreth Bldg. 45 Merr'k, St. 1

until the political situation is cleared up. This leaves the war credit bill in a rather doubtful position.

Emperor William has summoned Field Marshal von Hindenburg, chief of the general staff, and Gen. Ludendorff, chief of the imperial general staff, for a conference.

This news should be interpreted in connection with indications that the German government has decided to refuse to parliamentarize the cabinet and the difficulties reported in connection with the adoption of peace resolution.

Crown Prince Questions Leaders

COPENHAGEN, July 14.—According to Berlin newspapers, the crown prince in interviews Thursday with leading party leaders, including Thorvald Stauning and other socialists, interested himself chiefly in obtaining from the deputies their views on the person and policy of Dr. von Bethmann-Hollweg, the imperial chancellor. He quizzed each deputy separately, encouraging him to express freely their views on Dr. von Bethmann-Hollweg. Individual audiences lasted more than half an hour each. The crown prince is reported to have said he was doing this in accordance with the wish of Emperor William.

The morning papers appear to have had no intimation of the impending strike of reichstag deputies and the emperor's summons of Field Marshal von Hindenburg. They devote their columns to a discussion of the Prussian franchise reforms and the paradox that critics, originating in the demand for liberal reforms and the proclamation of a moderate peace program should have made possible the supplanting of Dr. von Bethmann-Hollweg by Prince von Buelow, who is an avowed believer in annexationist peace.

The Tagblatt opposes Dr. von Bethmann-Hollweg's retirement vigorously, while other papers are lukewarmly open to the present chancellor. The socialist organ, Vorwaerts, assumes that the royal instructions will insure the passage of the Prussian reform bill in the shape prescribed by the emperor. Other papers are optimistic. They believe the conservatives quite capable of disobeying the sovereign and again frustrating reform. Baron von Zedlitz, the free conservative leader, says in the Morgen Post that unless under circumstances, notably the outcome of the war, affect the decision, it may be assumed that the royal instructions will insure the passage of the Prussian reform bill in the shape prescribed by the emperor and pass a half way measure.

Party Coalition Disintegrating

BERLIN, July 12, via London, July 14.—The four party coalition, in the reichstag, which appeared to be a firm unit early in the week, now seems to be disintegrating. No definite program or concerted line of action has been evolved this far, either in respect of the pronounced demand for parliamentary reform or of joint action on an international reform regarding Germany's war aims.

The problem of introducing a parliamentary system is being complicated on account of the constitutional rights and the prerogatives of the federal states. The point is made that the jurisdiction of the reichstag does not extend in this direction. The creation of an imperial parliamentary council is now being agitated as a transitory makeshift to bridge over the difficulties presented in regard to the reform of the federal council and the imperial constitution.

RALLY TO STIMULATE RECRUITING

Sergeant George Growell and Private Charles F. Brown who are looking after the recruiting for the regular army in Lowell, attended a recruiting rally on the common in Lawrence last evening which was conducted by Capt.

JOHN M. FARRELL, Auctioneer

Office 162 Market Street, Lowell, Mass.

90 Acres of Standing Grass at Public Auction

Thursday, July 12, 1917, at 2 P. M.

I shall sell in lots to suit the purchaser, 90 acres of standing grass on the Hildreth farm, Marsh Hill, Dracut, Mass.

This is first class Timothy hay. Come and look it over.

Per Order, C. H. MCINTYRE, Atty.

COMMISSIONER'S SALE OF REAL ESTATE

WEDNESDAY, JULY 18, 1917, COMMENCING AT 2 P. M.

Pursuant to a warrant issued by the Probate court, I will sell at public auction without limit to the person that will bid the highest and comply with the terms of sale the following described pieces of real estate belonging to Annie S. Bacon.

LOT 1 AT 2 O'CLOCK P. M.
At Nos. 23 and 25 Marshall street, consists of a 2½-story double house with slate roof and 3723 square feet of land, more or less. This piece of property is not occupied at present but could be put in condition and have four tenements that would rent well, but since Mr. Bacon's death it has been neglected. A little expense will make this a paying investment.

LOT 2 AT 2.15 O'CLOCK P. M.
At No. 14 Marshall street, consists of a 2½-story, slate roof, two-tenement house and 3700 square feet of land, more or less. Each tenement has six rooms, city water and gas, cement cellar. Each tenement has separate entrances and rents for \$12.50 per month each; \$25.00 per month, \$300 a year, and always rented to good tenants—a good investment for you.

LOT 3 AT 2.45 O'CLOCK P. M.
At Nos. 22 and 24 East Pine street, consists of two 2½-story, two-tenement houses and 7693 square feet of land, more or less. Each tenement has six rooms, city water and gas, separate cellars, cemented cellar, and a year from this \$12.50 per month each; \$25 per month, \$300 a year, and the land in one sale, as they property. We will sell without interfering with the building.

LOT 4 AT 3 O'CLOCK P. M.
At Nos. 32 and 34 East Pine street, immediately after I will sell both halves of a cottage house, separate sales, the first half being No. 32 has six rooms and 4338 square feet of land, has city water and gas, good sewerage, large yard, fruit trees. The second half, No. 34 has six rooms and 2912 square feet of land more or less, has city water, gas, good sewerage and fruit trees. Each lot is well fenced and rents for \$12 per month each—\$288 a year.

LOT NO. 4 AT 4 O'CLOCK P. M.
At Nos. 29 to 35 Marginal street, I will sell in one lot two cottage houses and 6295 square feet of land, more or less. Each house has seven rooms, city water, gas, cement cellar, and rents for \$12 per month, always rented, and always rented to good tenants.

LOT NO. 5 AT 4.30 O'CLOCK P. M.
At No. 37 Marginal street, consists of a cottage house of seven rooms, has city water and gas, cement cellar and rents for \$12 per month, always rented. Has 2420 square feet of land more or less.

LOT NO. 6 AT 4.45 O'CLOCK P. M.
At No. 42 to 45 Marginal street, consists of a three tenement house and 5390 square feet of land more or less, six rooms in each tenement and rents for a total of \$43 per month. This tenement property is always rented, never idle, to good class tenants.

LOT NO. 7 AT 5 O'CLOCK P. M.
At No. 51 Marginal street, consists of a 2½-story, slate roof, two tenement houses and 6500 square feet of land, more or less, has six rooms in each tenement, has city water, gas, cement cellar, and rents for \$12 each per month.

LOT NO. 8 AT 5.30 O'CLOCK P. M.
At No. 107 Stevens street, corner of Troy street, I will sell the residence of Annie S. Bacon, consisting of a 2½-story house of 11 rooms, and barn, that have slate roofs and 11,000 square feet of land, more or less. There is a frontage of 75 feet on Stevens street and 150 feet on Troy street. The first floor has front hall, parlor, sitting room, den, dining room, kitchen and store room. The second floor has six sleeping rooms, bath room with open plumbing and three rooms on the third floor for storage. The parlor and sitting room have fireplaces built in; there is a china closet in the dining room; house has high poted cement cellar with bulkhead, is steam heated, has electric and gas light, hot and cold water and is in good repair inside and out. The barn has stalls for horses, large carriage room and loft. The lot has a granite border all around, has stone steps, concrete walk and driveway.

The grounds are laid down to a lawn with shrubs and shade trees, some cherry and pear trees, beautiful shade trees on the street, about two minutes to electric car line, in a good locality. Come and look it over, as it must be sold to the highest bidder.

Terms of sale—\$200 must be paid as a deposit on lots No. 1, 2, 3, 4, 5, 6 and 7, \$50 must be paid as a deposit on lot No. 8 as soon as sold; other terms at sale.

MARCUS T. PIERCE, Commissioner.
MCINTYRE & WILSON, Attorneys.

ARTHUR L. ENO
ATTORNEY AND COUNSELLOR
AT LAW

219 Hildreth Bldg. 45 Merr'k, St. 1

John A. Pearson, in charge of regular army recruiting in the Merrimack valley. Several thousand foreigners of various nationalities were present, and those were addressed in their own language. Thirty-two recruits were brought in for examination, as the result of the evening's work. The Lowell men will attend another rally in the downriver city this evening. It is expected that Capt. Pearson will come to Lowell in the near future to stir things up a bit here.

William H. Hogan of 124 Hale street, Joseph A. Velleto of 419 Chelmsford street, and Fred W. Jones of Haverhill, have been recently accepted by the army at the local office in Central street. The enlistments of the two last named are interesting because both Hogan and Jones are to be examined on a minimum standard for acceptance. This new standard went into effect only a few days ago.

That the Lowell men were enlisted at the naval station in Merrimack square yesterday: Thomas B. McGarr, 14 By st., and Michael J. Geaghan, Lawrence. At the street armory last evening a dozen men lined up before an examining doctor to gain admission to Co. M. Of the 12 only two were accepted. Sergeant McDermott was ordered to report to his company at Framingham, and left this afternoon. Recruiting will go on as usual, however. Both Sullivan and Co. C is still on the lookout for men for his unit. Three or four have been gathered in, and these will leave for Framingham Monday when the company will be organized. Although Co. C needs only six men, the officers who are in Lowell at present will continue to accept men for the other companies who are affected by the dependents' act.

It is expected that Capt. Powers of Co. C will visit the armory tomorrow to see how the recruiting is progressing. A rumor has been circulated that the National Guard companies are to be recruited to 200 men in the near future. At present the war credit bill is the only thing that is in the way of this is forthcoming as yet, however.

Members of Battery B held their regular drill at the armory last evening minus their officers, who have gone to camp. The next drill will be held Tuesday evening.
